**TO EACH MEMBER OF THE CENTRAL BEDFORDSHIRE COUNCIL**

17 November 2011

Dear Councillor

**CENTRAL BEDFORDSHIRE COUNCIL - Thursday 24 November 2011**

Further to the Agenda and papers for the above meeting, previously circulated, please find attached the information which was marked to follow:-

**8. Recommendations from the Executive**

To consider recommendations from the meeting of the Executive held on 15 November 2011 and answer questions asked under Rule No. 12.1.

Economic Development Plan – to approve the Plan as part of the Council's Policy Framework.

Capital Programme Review – to approve the revised Capital Programme for 2011/12.

**9. Recommendations from General Purposes Committee**

Please find attached Appendix A to the recommendation contained in minute GPC/11/22 from General Purposes Committee held on 6 October 2011.

Should you have any queries regarding the above please contact Democratic Services on Tel: 0300 300 4040.

Yours sincerely

Helen Bell,  
Committee Services Officer

**COUNCIL MEETING – 24 NOVEMBER 2011**

**Recommendations to Council from the Executive meeting held on 15 November 2011**

**E/11/80 Economic Development Plan**

The Executive considered a report from the Executive Member for Sustainable Communities – Strategic Planning and Economic Development that presented the proposed Economic Development Plan. The Economic Development Plan sought to affirm the Council's commitment to support sustainable economic growth in Central Bedfordshire. The plan followed extensive public consultation and had been positively received across a wide range of businesses, partners and organisations from across all sectors.

In response to a question on youth unemployment, the Executive Member explained that the Council would be focusing on securing and influencing the delivery of externally funded provision to ensure young people were better equipped for work and were able to access employment and training opportunities.

The Executive Member responsible for Economic Partnerships reported that the South East Midlands Local Enterprise Partnership (SEMLEP) had been awarded £13.1m to help accelerate infrastructure, new homes and employment across the area. This reinforced the importance of the Economic Development Plan and the Council had the opportunity to put forward schemes for support from the SEMLEP funding.

Reason for decision: To put in place an up to date, targeted and shared corporate plan, in response to the need to achieve job growth (27,000 jobs by 2026) in Central Bedfordshire to help realise the area's economic potential.

**RESOLVED**

**that the Economic Development Plan be endorsed.**

***RECOMMENDED TO COUNCIL***

***that the Economic Development Plan, as set out in the Executive report, be adopted as part of the Council's Policy Framework.***

**COUNCIL MEETING – 24 NOVEMBER 2011**

**Recommendations to Council from the Executive meeting held on 15 November 2011**

**E/11/82 Capital Programme Review**

The Executive considered a report from the Executive Member for Corporate Resources setting out the proposed revised Capital Programme for 2011/12. The Executive Member moved the following amendments to the recommendations, which were duly seconded:-

- “1. as set out in the report;
2. approve a net additional £5.032m to the original Capital Programme for 2011/12 to fund the slippage from the previous years’ Capital Programme. This includes slippage of £6.9m approved by the Executive in July 2011;
3. recognise that there will be slippage of some expenditure into future years, and accordingly authorise the Executive Member for Corporate Resources to approve expenditure in the current financial year in respect of schemes that are included in future years of the Capital Programme but which can be brought forward and delivered in 2011/12, provided that the borrowing limits approved for the Capital Programme for this financial year are not exceeded;
4. as set out in recommendation 3 in the report; and
5. as set out in recommendation 4 in the report.”

Reason for decision: To facilitate the effective delivery of capital projects, with a consequent increase in the Council's borrowing requirement.

**RESOLVED**

- 1. that a net additional £5.032M to the original Capital Programme for 2011/12 be approved to fund the slippage from the previous years’ Capital Programme. This includes slippage of £6.9M approved by the Executive on 12 July 2011;**
- 2. to recognise that there will be slippage of some expenditure into future years, and accordingly authorise the Executive Member for Corporate Resources to approve expenditure in the current financial year in respect of schemes that are included in future years of the Capital Programme but which can be brought forward and delivered in 2011/12, provided that the borrowing limits approved for the Capital programme for this financial year are not exceeded;**

3. that the inclusion of Flitwick Town Centre Development Scheme of £1.8M, be approved, subject to the Business Case; and
4. that the inclusion of Channel Shift of £0.4M be approved and funded from the Customer Relationship Management budget allocation.

***RECOMMENDED TO COUNCIL***

***that the revised Capital Programme for 2011/12 be approved, as set out in the Executive report.***

# **Parliamentary Constituencies in England Review**

Submission on Eastern Region

The bottom half of the page is dominated by two large, overlapping, curved shapes. The upper shape is a light green with a fine grid pattern, and the lower shape is a solid, vibrant green. Both shapes curve upwards from the left side of the page towards the right.

## 1. INTRODUCTION

### Vision

- 1.1 The Council's vision is to *improve the quality of life of all in Central Bedfordshire, and enhance the unique character of our communities and our environment.*
- 1.2 The vision for Central Bedfordshire Council was created by our elected representatives, staff, partners and stakeholders and was arrived at after considering the geography, demography and future growth of the area and views of the residents.
- 1.3 The Council's developing Community Engagement Strategy, builds on the commitments made in the bid for unitary status to place communities at the forefront of the Council's work – to ensure the Council and its key partners listen to, discuss and act on issues that are of utmost importance to the people in Central Bedfordshire. The aim is to build on the current engagement with the community, putting members of parliament and councillors at the heart of community and to move the Council towards higher levels of community empowerment.

### Area

- 1.4 Central Bedfordshire is the gateway to the Midlands and East Anglia and is served by the M1, A1, A5 and A6 roads together with three different rail networks traversing the district giving rise to the influx of commuters specifically around the towns that support the rail links.
- 1.5 The Central Bedfordshire area currently has a population of around 250,000 and it is planned to grow rapidly, to an estimated population of over 300,000 by 2021, through the development of some 27,000 new homes. Moreover, the population is predicted to continue to grow quickly between 2022 and 2031 through further in-migration.
- 1.6 Central Bedfordshire covers an area of some 716 square kilometres and has a diverse mix of urban and rural communities. Dunstable and Leighton Buzzard, as market towns, represent the largest urban areas and collectively account for some 29% of the population. The other 6 towns are geographically spread across the area of the authority and collectively they account for a further 31% of the population. The remaining 40% of the population extend across some substantially sized villages to the very small hamlets each with its own individual character
- 1.7 This profile places considerable difficulties on the elected politicians, in the way that they represent and serve their respective communities. Specifically when taking into account the diversity of the socio economic groups across the Authority.
- 1.8 Central Bedfordshire is fully parished with 71 Town and Parish Councils.

## Council

- 1.9 Central Bedfordshire is a Unitary Council and was formed in April 2009 based on the combined area of the former Mid and South Bedfordshire districts.

## 2. OUR APPROACH TO DETERMINING THE CONSTITUENCIES

- 2.1 We have been mindful of the Boundary Committee's (BCE) guidance on factors to consider when making a proposal on constituencies including:-
- every constituency in England must have an electorate as at the review date that is no smaller than 72810 and no larger than 80,473;
  - special geographical considerations, including in particular the size, shape and accessibility of a constituency;
  - local government boundaries as they existed on 6 May 2010; and
  - any local ties that would be broken by changes in constituencies.
- 2.2 Against this background we have reviewed the BCE initial proposals and would respectfully suggest that the revised proposals as shown in part 3 (below) reflect a clear cohesion of the existing community which takes into consideration a sense of locality and place.
- 2.3 Furthermore, we are of the firm belief that the county boundaries play an important part in the identity of the electorate and it is with this mind that in our alternative submission we have reduced the cross-county constituencies from 3 to 2.

## 3. THE CASE

- 3.1 We acknowledge that the BCE is under remit to reduce the number of constituencies and therefore in the case of Bedfordshire and Hertfordshire it is not possible to treat the counties as separate entities. However, we would suggest that to have Central Bedfordshire represented by 6 MP's rather than the existing 4 simply dissipates the Council area even further as well as adding to an already confusing situation for the electorate. Moreover, the formation of Central Bedfordshire with its consequential new warding differs considerably from the data set as at 6 May 2010 and therefore to accept the BCE proposals would mean that we would have 5 existing Central Bedfordshire wards where a proportion of the parishes are represented by a different MP.
- 3.2 In formulating our proposals we have addressed, where possible, the anomaly of the parishes within the same wards having differing representation at Westminster but accept that it has not been possible to completely resolve the issue.
- 3.3 As previously indicated, Central Bedfordshire was formed from the former districts of Mid and South Bedfordshire and whilst both former authorities would have described themselves as rural communities they nevertheless differ considerably in

the concentration of their respective electorate. The former South Bedfordshire has 3 market towns; Dunstable, Houghton Regis and Leighton Buzzard within 5 miles radius of each other and collectively they account for some 70,000 electorate. Clearly, to separate them into different constituencies would simply create unnecessary divisions that have been forged over hundreds of years. Indeed, unless you lived in the area you cannot see where Dunstable boundary ends and Houghton Regis starts. Additionally, it should be noted that the long term development plan will inevitably create even closer ties between Leighton Buzzard and both Houghton Regis and Dunstable.

- 3.4 The proposal to include the town of Dunstable within the Luton North constituency we believe is contrary to the fundamentals of a *broad community of interest*. The market town of Dunstable is contiguous with the border of Luton at Poynters Road to the east of the town however the remaining boundaries join the rural communities of Caddington, Kensworth, Totternhoe and Houghton Regis to which they are inextricably linked. The connection with Luton is in most cases the convenient *through* transport link to the nearest railhead for onward journeys to London and the South East or for employment at Luton Airport which ironically also traverses parts of the Central Bedfordshire Council area. Central Bedfordshire does not have any hospitals within its boundaries consequently, there is a link to all of our neighbouring authorities not just Luton. There are number of the electorate who would shop in Luton however there are an equal number who would shop in Milton Keynes, which is outside of the CBC area. The cultural lifestyle of Luton is significantly different from that enjoyed by the residents of Dunstable and it is difficult to see where there is any common ground of integrated community involvement short of supporting the only professional football club within the whole of Bedfordshire which is Luton Town FC.
- 3.4 Our purpose in re-instating the former Mid Bedfordshire constituency is once again to reflect the lifestyle and the community that already exists. Mid Bedfordshire is an agricultural area and bears no correlation to the town of Leighton Buzzard. The electorate of the area share the same values and the same interests and with the exception of the small towns of Flitwick and Ampthill the electorate are spread across the large areas of countryside.

#### 4. PROPOSED CONSTITUENCIES

- 4.1 In determining our scheme we have endeavoured to incorporate into each constituency parishes and towns where strong community links already exist. Whilst at the same time recognising that the reduction of one constituency within Bedfordshire and Hertfordshire will inevitably mean that a number of the electorate will be moved to an adjacent constituency.
- 4.2 Although the following constituency detail shows changes to some 14 of the 16 BCE initial proposals it should be noted that with the exception of only 2 of our constituency proposals (Mid Bedfordshire & Hoo and Harpenden & Luton South) the changes in the majority of the constituencies are quite minimal.

## 5. CONCLUSION

- 5.1 Whilst we agree with the principals of the review we firmly believe that the changes proposed by the BCE does not take sufficient account of the fact that Central Bedfordshire (CBC) is a newly formed authority which is striving to create a sense of place and identity within its new boundaries. Moreover, an integral part of building the community identity is the relationship that CBC, its Towns and parishes has with the Members of Parliament and the proposal to only have one constituency wholly contained within the Council's area will fundamentally change the relationships that currently exist. Indeed, to have so many wards with different MP's as proposed by the BCE seeks to divide local ties and local communities.
- 5.2 Central Bedfordshire aims to become an excellent authority, to deliver high quality democratically driven services and to provide strong, effective and accountable community leadership. It is against this background that this submission is made. The Council commends its recommendation to the Boundary Committee for England.
