- Prevent or delay the deterioration of wellbeing resulting for ageing, illness or disability;
- Promote independence;
- Delay the need for more costly and intensive services.

2.2 Long-term conditions management in primary care

2.2.1 To ensure that a range of services are in place that:

- Prevent or delay the deterioration of wellbeing resulting for ageing, illness or disability;
- Promote independence;
- Delay the need for more costly and intensive services.

The model for the delivery of health and social care will include implementing a GP cluster model, with ‘maintenance’ care co-ordination teams (community and mental health nursing, GP practice matrons, voluntary sector, social care, reablement and social workers) being assigned to each cluster.

1.3 **Meetings**

The Board will meet Quarterly at a time to be agreed within following receipt of each Quarterly report of the Pooled Fund Manager.

The quorum for meetings of the Board shall be a minimum of [one representative from each of the Partner organisations].

Decisions of the Board shall be made unanimously. Where unanimity is not reached then the item in question will in the first instance be referred to the next meeting of the Board. If no unanimity is reached on the second occasion it is discussed then the matter shall be dealt with in accordance with the dispute resolution procedure set out in the Agreement.

Where a Partner is not present and has not given prior written notification of its intended position on a matter to be discussed, then those present may not make or record commitments on behalf of that Partner in any way.

Minutes of all decisions shall be kept and copied to the Authorised Officers within [seven (7)] days of every meeting.

1.4 Delegated Authority

The Board is authorised within the limited of delegated authority for its members (which is received through their respective organisation's own financial scheme of delegation) to:

to authorise commitments which exceed or are reasonably likely to lead to exceeding the contributions of the Partners to the aggregate contributions of the Partners to any Pooled Fund; and

to authorise a Lead Commissioner to enter into any contract for services necessary for the provision of Services under an Individual Scheme

1.5 Information and Reports

Each Pooled Fund Manager shall supply to the Board on a Quarterly basis the financial and activity information as required under the Agreement.

1.6 Post-termination

The Board shall continue to operate in accordance with this Schedule following any termination of this Agreement but shall endeavour to ensure that the benefits of any contracts are received by the Partners in the same proportions as their respective contributions at that time.

SCHEDULE 3 – RISK SHARE AND OVERSPENDS

- 1 To the extent that the pay for performance element of the BCF is not available to the Pooled fund

The partners have agreed:-

- 1.1 Both Central Bedfordshire Council and Bedfordshire Clinical Commissioning group will make the contributions to the pool, as outlined in the BCF submission. The contributions from the BCF Pool to services will be capped to those amounts outlined in the BCF submission.

Risk Share

It is proposed that the financial risk presented by the Pay for Performance target will be positioned against the whole BCF pool of £18.7m and shared according to the proportion of spend from the BCF pool.

The 2015/16 spend from the BCF pool indicates that this risk share will be on a 50/50 basis. It is also proposed that any new investment monies currently identified in the BCF pool, will be held to mitigate the non achievement of Pay for Performance target in the first instance.

Benefit Share

Any new investment proposal, to be approved by the BCF Commissioning Board (or delegated authority) will need to have a credible business case where the new investment at least delivers efficiencies in year to cover its initial outlay or above that level.

Each new investment business case will need to identify how the efficiency will be achieved. The business case will be required to set out how the efficiency is to be measured, who will benefit from the efficiency and at what proportion together with how the efficiency will be returned to the pool. Any efficiency from the resulting activity will need to be returned to the BCF Pool at the level identified in the business case.

- 1.2 Virement from other funds established under this agreement to the extent that their budget can be reduced
- 1.3 The Partners agree that Overspends shall be apportioned in accordance with this Schedule 3.
- 1.4 The BCF Commissioning Board shall acting reasonably having taken into consideration all relevant factors including, where appropriate the BCF Plan and any agreed outcomes and any other budgetary constraints agree appropriate action in relation to Overspends which may include the following:
 - a. whether there is any action that can be taken in order to contain expenditure;
 - b. whether there are any underspends that can be vired from any other fund maintained under this Agreement;
 - c. how any Overspend shall be apportioned between the Partners, such apportionment to be just and equitable taking into consideration all relevant factors.
- 1.5 The Partners agree to co-operate fully in order to establish an agreed position in relation to any Overspends.

- 1.6 Overspends which occur in relation to any Performance Payments shall subject to alternative provisions in the relevant Performance payment Arrangement, be apportioned between the Partners pro rata to the value of their respective Financial Contributions *[excluding Non-Recurrent Payments]* for the Financial Year in respect of which the Overspend occurs.
- 1.7 Where is an overspend in a Non Pooled Fund at the end of the Financial Year or at termination of the Agreement such overspend shall be met by the Partner whose financial contributions to the relevant Non Pooled Fund were intended to meet the expenditure to which the overspend relates save to the extent that such overspend is not the fault of the other Partner.
- 1.8 Subject to any continuing obligations under any Service Contract entered into by either Partner, either Partner may give notice to terminate a Service of Individual Scheme where the Scheme Specification provides and where the Service does not form part of the BCF Plan.
