Cllr Sheppard suggested that a presentation be provided to Members prior to a meeting of Council to explain recent changes in the NHS. In response the Executive Member informed the Committee that a Member seminar had been arranged for 17 May 2013 in this regard. All Members were encouraged to attend.

SCHH/13/8 **Executive Member Update**

The Executive Member updated the Committee on issues pertaining to their portfolio that were not included on the agenda, these included:-

- An update on the “Mindings” pilot scheme that aimed to minimise social isolation. A briefing had been arranged for the Portfolio Holder on 14 May 2013 and feedback would be provided to the Committee in due course.
- In response to a Member query at a previous meeting it was confirmed that Bedfordshire Clinical Commissioning Group (BCCG) allocated £220k to fund lymphoedema services. A representative for lymphoedema services will be invited provide more information on this service and Healthwatch Central Bedfordshire have been asked to consider this as part of their work plan.
- A member seminar that had been arranged for 14 June 2013 relating to housing.
- Several bodies and strategies that had been established on 01 April 2013, including the Tenancy Strategy, Public Health’s transition to the Council, BCCG and the welfare reforms. The implications of the Welfare reforms were presently being monitored on a monthly basis to assess their impact.
- Visits that the Executive Member planned to take to two Gypsy and Traveller sites in Central Bedfordshire.
- Meetings with General Practice Locality Managers were taking place.
- The submission of a planning application for the Dukeminster site.
- A meeting the Executive Member had attended regarding the pressures on Council’s to find additional placements for persons moving out of London.

In response to a question the Executive Member commented that time-banking was still considered to be a positive scheme. Further information would be provided on the implementation of such schemes at a future meeting.

SCHH/13/9 **Bedfordshire Plan for Patients 2013/14**

The Director of Strategy and System Redesign (Bedfordshire Clinical Commissioning Group [BCCG]) introduced the Bedfordshire Plan for Patients 2013-14. The Plan was a technical document that outlined the BCCG’s commissioning intentions to ensure Central Bedfordshire residents received the best care possible within available resources. A layperson’s version of the plan would be available by the end of May 2013. In particular the Committee’s attention was drawn to the national/local priority measures and targets outlined in the Executive Summary. The Committee discussed the contents of the plan and a number of points were raised as follows:-

- The Executive Summary did not contain enough detail to be read in isolation. The main report contained a helpful matrix of risks outlined in the plan and explained BCCG’s part in the patient journey, the workforce strategies and the yellow card system. Further detail on these should have been included in the Executive Summary.
- Concern that performance fell below the national level for 65s and over, who had been discharge from hospital and remain at home. There were also concerns that BCCG would not be able to meet targets relating to the steep increase from 66% (2011 target) to 80% in 2015 to raise the number of smokers who have quit. The Director of Strategy and System Redesign commented that BCCG aimed to enhance consistency as a means of driving up performance.

- The importance of the voluntary sector and patient groups in the community had not been mentioned in the plan and should be included here and in the list of referral groups used the GPs.
- The need to ensure that future reports provided an appropriate focus on Central Bedfordshire residents.
- Concerns relating to diabetic nursing care. The Director of Strategy and System Redesign agreed to review this issues to determine whether there was a problem.

RECOMMENDED

1. **That the Committee endorses the general Bedfordshire Plan for Patients (2013/14)**
2. **That in the future BCCG ensure reports presented to the Committee had a specific focus on Central Bedfordshire's need.**
3. **That reference be made to the voluntary sector and its role in delivering the Plan.**

SCHH/13/10 Mental Health and Social Isolation

The Assistant Director Adult Social Care, the Head of Contracts and the Associate Director for Mental Health (SEPT) delivered a presentation requested by the Committee in relation to Loneliness and Mental Health. The presentation provided an overview of several areas including the instances in which the Council would undertake assessments, customer contacts, availability of voluntary and community sector support and the manner in which community mental health services were delivered. In addition to the presentation officers provided additional information relating to the following:-

- The development of a information hub that would contain detail on support services available locally.
- Support services that were commissioned from the Richmond Fellowship.
- The benefit of working in partnership with others, such as MIND, Power, the Alzheimers Society and the Citizens Advice Bureau to deliver some support services.
- The benefit of Village Care Schemes and the aspiration for 100% coverage across Central Bedfordshire.
- Primary Care Mental Health Link Workers whose main focus was early intervention and prevention and guided self-help.
- The Community Mental Health Team whose main focus was intervention.
- The Community Forensic Team whose main focus was risk management.
- The Assertive Outreach Team whose main focus was to support those who were socially isolated.
- The Early Intervention In Psychosis Team whose main focus was family relationships.

In light of the presentation Members discussed several issues in detail as follows:-

- The need to address the speed with which anti-depressants were prescribed to patients. The Associate Director for Mental Health (SEPT)

informed the Committee that work was underway with General Practitioners (GPs) to encourage more detailed assessments of a patients needs before prescribing anti-depressants through the work of the Primary Care Mental Health Workers.

- The importance of indentifying cases of social isolation and targeting support in high risk areas, such as for carers.
- The importance of identifying and signposting to the range of available services in the voluntary sector. The Assistant Director Adult Social Care responded that there were some gaps in relation to signposting to services but the development of an information hub would support the identification of services available in the community.
- The importance of maintaining day centres in Central Bedfordshire. The Director of Social Care, Health and Housing commented on the importance of modernising some day centres throughout Central Bedfordshire. The Assistant Director Adult Social Care also commented on the importance of day centres undertaking outreach work in their local communities.
- The importance of the Council coordinating activity between organisations. The Assistant Director Adult Social Care commented that the village care schemes undertook a lot of this work. The Arlesey Village Agent had supported some mapping of services that were available in Central Bedfordshire to identify gaps and consider how the community might fill those gaps.

NOTED the presentation.

SCHH/13/11 **Housing Asset Management Strategy**

The Executive Member introduced a report, which set out the Council would approach regeneration, new build and maintenance of its social housing stock in the future. In addition the Head of Asset Management drew the attention of the Committee to the opportunities that were open to the Council and the seven priorities on which the Strategy was based. He also highlighted the importance of a local approach and focusing on those homes that don't presently deliver a profit. It was also clarified that each of the three gypsy caravan sites managed by the landlord service were self-funding and that there were no plans to raise System Built Homes to mortgageable standards. Consultation responses had been positive and as a result the Strategy had been amended to reflect the need for flexibility for both the adult and younger population.

In light of the report and the clarification provided by the Health of Asset Management the Committee discussed the following issues in detail:-

- The need to consider the appropriateness of spend on non-traditional Precast Reinforced Concrete (PRC) homes. The Head of Asset Management confirmed that the Council did not intend to improve homes to mortgageable standards and would conduct more detailed appraisals linked to development opportunities prior to committing spend to improve on these properties.
- The need to ensure that housing estates did not become unmanageable but that homes provided an appropriate amount of space for children and young people, particularly in relation to garden size. The Head of Asset

Management commented that homes needed to strike a balance between affordability and size.

- Improvement programmes beyond decent homes.
- The need to be mindful of how changes in population could impact on the numbers of self-funders. The Director of Social Care, Health and Housing commented that the Council's Housing Market Statement and other documents such as the Joint Strategic Needs Assessment were used to determine the extent of future need. This included assessments sufficient types of property older people.
- The level of cooperation between the Council and Aragon Housing. The Head of Asset Management confirmed that meetings occurred on a routine basis.
- The importance of 'housing for life' being included as a priority. The Head of Asset Management confirmed that life-time homes were a key principle of the strategy as a means of limiting the number of adaptations that were required.
- The extent to which homes in Central Bedfordshire were constructed with solar panels. The Head of Asset Management commented that there was scope within the strategy for extending the number of properties constructed or retro fitted with solar and similar panels.
- The importance of the strategy providing opportunities for apprenticeships. The Head of Asset Management confirmed that the Strategy would provide opportunities for several apprentices.
- The need to ensure the Strategy complimented the Central Bedfordshire Design Guide.
- An engagement strategy as part of implementing HAMS.

RECOMMENDED

That the Committee support the Housing Asset Management Strategy and recommend that it be adopted by the Executive in light of the above comments.

SCHH/13/12 Quarter 3 Performance Monitoring

The Assistant Director for Business and Performance presented the quarter 3 performance monitoring report for the Social Care, Health and Housing directorate. In addition the Head of Preventative Health Commissioning advised the Committee of performance in relation to C7MTP (Percentage of 40 to 74 year olds offered a health check). The Committee were informed that currently the percentage of people offered a health check was 107%, the percentage of health checks delivered were 87%. Health checks were being delivered across Central Bedfordshire and ties had been drawn with other relevant Council strategies where possible (such as the Leisure Strategy).

In light of the report the Committee discussed the following issues in detail:-

- How the Council could encourage residents to take up the offer of a health check. The Head of Preventative Health Commissioning commented that a range of communication opportunities would be provided by public health teams as part of an area-wide campaign.

- The range of preventative strategies that could be developed relating to dementia. The Head of Preventative Health Commissioning commented that social interaction and sport were promoted as means of helping keep dementia away. Work was undertaken in collaboration with SEPT and GPs to raise awareness of programmes.

The Committee thanked the Head of Preventative Health Commissioning for the update in relation to performance and requested that he attend future meetings of the Committee to discuss issues in relation to performance on NHS health checks.

NOTED the report.

The Committee received the quarter 3 revenue budget monitoring report for the Social Care, Health and Housing directorate. Members were informed of the underspend position due to reductions in care packages and the proposed creation of the Outcome Based Commissioning reserve.

In response to questions from Members the Assistant Director for Business and Performance confirmed that the Council tried to encourage the use of block contracts before the use of spot purchasing beds but recognised the need to provide choice for customers. It was also confirmed that charges on a property were retrieved by the Council once a person was deceased, not whilst they were receiving care.

NOTED the report.

SCHH/13/15 Quarter 3 Housing Revenue Account Monitoring

The Committee received the quarter 3 revenue and capital budget monitoring report for the Housing Revenue Account. The Assistant Director Business and Performance highlighted the overall position and the key variances detailed in the report.

Central Bedfordshire Equality & Diversity Strategy 2013 -16

Foreword

Promoting equality of opportunity is all about making life better for all our residents, especially the most vulnerable people living in our communities, such as older or disabled people, carers, people with low levels of literacy, people experiencing socio-economic disadvantage or people living in the most rural parts of Central Bedfordshire.

It's about ensuring that everything we do in local government is accessible to everyone, no matter what their life experience or situation is. It requires us to recognize that different people experience the same situation differently and that we must remove the barriers which can stop people accessing the services and employment opportunities they need.

This Equality & Diversity Strategy demonstrates our commitment as community leaders, service providers and as an employer to ensuring that equality and diversity is at the heart of all that we do, for local people, our employees, our partners, and the community at large. The Strategy sets out our overall approach, audits our progress over the last four years and includes our objectives and plan of action for the next three years (2013 - 16).

The Strategy demonstrates how we will ensure our services reflect fairness and equality. The action plan focuses on key themes which form the foundation of all our service areas. This plan has been driven by a comprehensive consultation with our key stakeholders, both internally and externally. The plan reflects our statutory duties, and also our corporate commitment to improving our services and work place practices.

We will monitor and review our performance annually, to ensure we achieve all the objectives set out in this scheme.

1) Context - The Nature of Diversity in Central Bedfordshire

Central Bedfordshire is a unitary authority serving a growing population of around 255,000. It is a largely rural area with over half the population living in the countryside and the rest in a number of market towns. The largest of these are Leighton Buzzard, Dunstable, Houghton Regis, Biggleswade, Flitwick, Sandy and Ampthill.

The area is generally prosperous, with above average levels of employment. This could mask the few areas where we do have pockets of deprivation and, greater need (some households in Dunstable and Houghton Regis for example).

The area has excellent transport links with the A1 and M1 running through it, three main rail lines and two international airports, Luton and Stansted, on the doorstep. It is in the centre of an academic 'golden triangle' between Oxford, Cambridge and London Universities and also benefits from its own academic institutions at Cranfield University, the University of Bedfordshire and other further education colleges.

It is a great place to live and work. It is a relatively safe, green and affluent area which has attracted major investment. People living in Central Bedfordshire earn more than the national average; this is in part influenced by some residents commuting out of the area – primarily to London, Luton, Milton Keynes and Hertfordshire.

Age: In 2011, 49,800 people in Central Bedfordshire were aged between 0 and 15. A further 164,700 were aged 16-64, with 39,800 aged 65 and over, this figure includes 17,900 people aged 85 and over. The number of people aged 65 and over is expected to increase by about 50% between 2008 and 2021.

Disability: Using the widest definition there are more than 11 million disabled people in the UK, that's more than one in five of the adult population and one in 20 children. 80% of people experience a year of being disabled at some point in their lives and 66% of disabled people develop impairments during working age. The majority of disabled people have impairments that are not easily visible. In the 2011 census findings 15,465 (6.10%) residents in Central Bedfordshire indicated that day-to-day activities were limited a lot and 21,142 (8.30%) residents indicated that day-to-day activities were limited a little

Carers: Research undertaken by Carers UK indicates that over 2 million people become carers every year and 3 in 5 people will become a carer at some point in their lives. In the 2011 census findings 18,247 (7.2%) residents in Central Bedfordshire indicated that they provided between 1 to 19 hours a week of unpaid care. A further 2,702 (1.1%) of residents indicated that they provided 20 to 49 hours of unpaid care a week and 4,886 (1.9%) residents indicated that they provided 50 hours or more unpaid care a week.

Gender Reassignment: The 2011 Census did not include a specific question in respect of gender reassignment. It is estimated from national research that 1 in 10,000 people experience the recognised medical condition known as gender dysphoria, generally referred to as being transgender or transsexual. In any school of 1,000 pupils there are likely to be 6 who will have transgender experience at some point in their lives.

Marriage and Civil Partnership: In 2011 52.5% of the Central Bedfordshire population were married and 0.1% had entered into a civil partnership. 29.2% of the population were single, 11.9% were separated / divorced and 6.3% were widowed.

Pregnancy and Maternity: The health and wellbeing of women before, during and after pregnancy is an important factor in giving children a healthy start in life and laying the groundwork for good health and wellbeing in later life. In Central Bedfordshire 90% of pregnant women accessed antenatal services before thirteen weeks of pregnancy. Although teenage pregnancies remain in line with the national average, they are higher than statistical neighbours. Children and young people who are already disadvantaged have an increased risk of teenage pregnancy.

Race: Central Bedfordshire is ethnically diverse with around 10.3% of people living in the area from black or ethnic minority communities. 1.2% of the population is Irish ('White Irish'). The largest Black and Minority Ethnic groups are Indian (1%), Black African (0.8%) and Chinese (0.6%).

Changes in Ethnic Groups other than White during 1991, 2001 and 2011

Source: ethnicity.ac.uk

People of mixed ethnicity make up around 1.9% of residents. The increasing amount of data on migrant workers, unaccompanied asylum seekers and other young people from non-UK backgrounds predicts that immigration in the region will increase.

Religion and Belief: Most of the population state their religion as Christian (62.2%), with (28.4%) having no religion and other religions constituting (2.6%) of the population. (Note: 6.8% did not state their religion)

Changes in Religion and Belief during 2001 – 2011

Sex: The sex ratios of the Central Bedfordshire population vary according to age. In the younger age groups (ages 0-17) boys represent 51% of the population and girls 49%. In the working age adults groups (ages 18 -64) this ratio reverses with women representing 51% of the population and men 49%. At ages 65+ this trend increases with women representing 54% of the population and men 46%.

Sexual Orientation: The 2011 Census did not include a specific question in respect of sexual orientation. It is estimated that 'out' gay people living in the United Kingdom form between 6% -10% of the population. This means that in Central Bedfordshire approximately 20, 000 people are likely to openly be lesbian, gay or bisexual, with others feeling unable to disclose such information because they fear the reactions of people around them. The figure for civil partnerships in Central Bedfordshire was 300 in 2011.

Skill Levels: The proportion of working age people with at least NVQ1 or 2 qualifications (1 GCSE or similar is higher in Central Bedfordshire (80.6%) than England (77.5%). The proportion with NVQ4 or above (degree or similar) level in Central Bedfordshire (27.3%) is comparable with the figures for England (27.4%). Just under a fifth (19.4%) of Central Bedfordshire's working age population had no formal qualifications. This is slightly less than the figure for England (22.5%).

Employment: The findings of the 2011 Census indicated that 139,500 working age people in Central Bedfordshire (74.7%) were economically active. This figure includes both employed and unemployed people. In this group 6,400 people were unemployed.

Health: In 2011, 125,000 (49%) of residents reported that they were in very good health, 90,400 (35.5%) reported that they were in good health, 29,200 (11.5%) reported fair health, 7,700 (3%) reported bad health and 2,100 (0.8%) reported very bad health. Overall health is better than the UK norm whilst in terms of deprivation no part of Central Bedfordshire is within the worst 10% nationally. However, this overall picture of affluence masks some aspects of deprivation, and communities within Downside, Flitwick, Parkside, Sandy and Tithe Farm face particular challenges relative to the rest of the area. For example, there are parts of these communities which suffer from deprivation and appear in the top 10% nationally when specific indices of deprivation are considered such as Crime, Education, Skills and training and barriers to Housing and Services

2) Legal Duties

The Equality Act 2010

The Equality Act applies to public and private sector bodies and replaced previous anti-discrimination laws with a single Act. It simplified the legislation base, removed inconsistencies and made it easier for people to understand and comply with the law. It also strengthened protection in important ways, to help tackle discrimination and inequality. The aim of the legislation is to ensure services and employment opportunities are available to all sections of society, in relation to the following protected characteristics, age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

Types of Discrimination and Definitions

Direct discrimination:

Direct discrimination occurs when someone is treated less favourably than another person because of a protected characteristic.

Associative discrimination:

This is direct discrimination against someone because they associate with another person who possesses a protected characteristic.

Perceptive discrimination:

This is direct discrimination against an individual because others think they possess a particular protected characteristic. It applies even if the person does not actually possess that characteristic

Indirect Discrimination:

Indirect discrimination can occur when a condition, rule, policy or even a practice is applied to everyone but particularly disadvantages people who share a protected characteristic. Indirect discrimination can be justified if it can be shown that it is 'a proportionate means of achieving a legitimate aim'. Being proportionate means being fair and reasonable, including showing that 'less discriminatory' alternatives have been considered as part of the decision making process

Harassment:

Harassment is "unwanted conduct related to a relevant protected characteristic, which has the purpose or effect of violating an individual's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for that individual"

Victimisation:

Victimisation occurs when someone is treated badly because they have made or supported a complaint or raised a grievance under the Equality Act; or because they are suspected of doing so.

The Act also includes a new and additional protection relating to disability.

Discrimination Arising from Disability:

Discrimination arising from disability occurs when a disabled person is treated unfavourably because of something connected with their disability and the unfavourable treatment cannot be justified.

The Public Sector Equality Duty

The Public Sector Equality Duty (section 149 of the Act) came into force on 5 April 2011. The Duty applies to public bodies and others carrying out public functions. It supports good decision-making by ensuring public bodies proactively consider how different people will be affected by their activities, helping them to deliver policies and services which are efficient and effective; accessible to all; and which meet different people's needs.

The Equality Duty requires public bodies to have due regard to the need to:

- Eliminate unlawful discrimination harassment and victimisation and other prohibited conduct
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations between people who share a protected characteristic and people who do not share it

Due Regard means consciously thinking about the three aims of the Duty as part of the process of decision-making. For example:

- How the Council acts as an employer
- How policies are developed, evaluated and reviewed
- How services are designed, delivered and evaluated
- How the Council commissions and procures services and products from other organisations

Advancing equality of opportunity involves considering the need to:

- Remove or minimise disadvantages suffered by people because of their protected characteristics
- Meet the needs of people with protected characteristics
- Encourage people with protected characteristics to participate in public life or in other activities where their participation is low

Fostering good relations involves tackling prejudice and promoting understanding between people who share a protected characteristic and others.

Complying with the Equality Duty may involve treating some people better than others, as far as this is allowed in discrimination law. This could mean making use of an exception or positive action provisions in order to provide a service in a way that is appropriate for people who share a protected characteristic – e.g. providing computer training for older people to help them to access information and services.

The Equality Duty is also supported by specific duties, set out in regulations which came into force on 10 September 2011. The specific duties require public bodies to publish relevant, proportionate information demonstrating their compliance with the Equality Duty; and to set themselves specific, measurable equality objectives.

Specific Duty - Publish Information

Publishing relevant equality information helps to make public bodies transparent about their decision-making processes, and accountable to their service users. It gives the public

the information they need to hold public bodies to account for their performance on equality. The Council has published a variety of information on the website including this document.

Specific Duty – Identify Equality Objectives

The Public Sector Equality Duty required public bodies to prepare and publish, by 6 April 2012, one or more specific and measurable equality objectives which will help them to further the three aims of the Equality Duty. Subsequent objectives must be published at least every four years.

It was left to each public body to decide what and how many equality objectives it should set. It was recognised that by identifying objectives which were stretching, and which focused on the biggest equality challenges facing the public body, that the greatest impact could be achieved in furthering the aims of the Equality Duty.

When deciding what equality objectives to set, public bodies are advised to take account of:

- evidence of equality issues across all its functions;
- issues affecting people sharing each of the protected characteristics; and
- the need to promote equality of opportunity, eliminate unlawful discrimination, harassment and victimisation and foster good relations.

The number of objectives should also be proportionate to the public body's size; the extent to which its functions affect equality; and evidence that such objectives are needed.

3) Central Bedfordshire Council Priorities – The Medium Term Plan

The Council is committed to a series of priorities, outlined in its Medium term Plan which collectively will help our communities to progress and prosper. They are:

- Enhancing Central Bedfordshire – creating jobs, managing growth, protecting our countryside and enabling businesses to grow.
- Improved educational attainment.
- Promote health and wellbeing and protecting the vulnerable.
- Better infrastructure – improved roads, broadband reach and transport.
- Great universal services – bins, leisure and libraries.
- Value for money – freezing council tax.

The corporate equality objectives outlined in this Equality Strategy indirectly support all six Council priorities. In addition the strategy also identifies the service specific objectives already captured within previously agreed strategies and policies which contribute directly to the achievement of Council priorities.

4) The Central Bedfordshire Equality & Diversity Strategy 2013 -16

The Equality Act 2010 does not require that statutory bodies must continue to develop a separate Equality Scheme. The Council is keen however to ensure that it continues to adopt a good practice and robust approach to equality issues across all its activities and this can best be achieved through the continued implementation, review and inclusion of an Equality & Diversity Strategy as part of the Council's Policy Framework.

This Equality & Diversity Strategy has been developed in line with the requirements of the Equality Act 2010. The strategy sets out a practical approach to delivering achievable solutions which:

- Address the key issues raised from our consultation with stakeholders regarding both service and employment practices.
- Have due regard to national best practice and guidance
- Takes account of local socio-economic factors and
- Recognising the good work and actions undertaken to date and the work remaining from a robust audit of the current strategy

As a result the Council has identified four corporate, overarching objectives and activities which are essential to ensuring that consideration of equality is embedded across all Council activities.

- **Strong Leadership (Championing Diversity in our Area, Identifying Objectives and Monitoring Outcomes)**
- **Improved Outcomes for Vulnerable Groups**
- **Good Recruitment and Management of a High Performing Workforce**
- **Improved Engagement, Civic Participation and Cohesion**

The Strategy's action plan addresses these four key objectives and forms the foundation of ongoing activity across all service areas. These are detailed at Appendix 1.

The objectives have been identified with close reference to the three levels of the Equality Framework for Local Government, Developing, Achieving and Excellent. The Council believes it has reached Stage 2 Achieving and will strive for excellence but due to the need to prioritise resources on front line services has not sought costly, formal accreditation.

The Triennial Review (How Fair is Britain) 2010 published by the Equality and Human Rights Commission (EHRC) assessed a wealth of evidence sources and identified in its Agenda for Fairness the most pressing and significant equality challenges facing society

- Reduce the effect of socio-economic background on health and life expectancy
- Ensure that every individual has the chance to learn and to realise their talents to the full
- Give every person the opportunity to play a part in strengthening Britain's economy
- Put an end to identity-based violence and harassment
- Give more people greater personal autonomy and civic power

Since its formation in 2009 the Council has consulted on and approved a variety of strategies and policies. Numerous Equality Impact Assessments have been undertaken as part of this process and a variety of specific equality objectives have already been approved by the Council in relation to equality which closely correlate with the Agenda for

Fairness. These are detailed at Appendix 2 and are grouped according to the above 5 aims.

5) Audit of the Council's Approach 2009 - 2013

The Council approved its first Equality and Diversity Scheme in May 2010. The Action Plan set out a focus on delivering tangible outcomes on the following themes:

- 1) Developing and embedding Central Bedfordshire Council's approach and processes
- 2) Leadership / Partnership Working
- 3) Workforce and employment issues, awareness, training and development
- 4) Feedback, engagement and consultation
- 5) Intelligence, monitoring and review

Progress in achieving these outcomes is detailed at Appendix 3

6) Employment Practices and Policy Statement

The Council aims to have a modern and diverse workforce that is representative of the community we serve. All staff should experience fairness and equity of treatment in the workplace and be treated with dignity and respect. The Council will actively work to remove discriminatory barriers that can prevent people from obtaining employment opportunities. The Council will not tolerate processes, attitudes and behaviour that amount to discrimination including harassment, victimization and bullying through prejudice, ignorance, thoughtlessness and stereotyping. The Council's approach and expectations of managers and employees is summarised in the Policy Statement detailed at Appendix 4

The Council will train and develop its workforce effectively, raising awareness of diverse community needs and ensuring that the work environment is free from discrimination, harassment and bullying. All employees will be expected to promote these values at all times. Employees found in breach of this policy may face disciplinary action.

The Council will consult with staff to identify and implement improvements that can be made to working practices.

The Council will undertake annual equality monitoring of employment practices relating to:

- Staff in post
- Applications for employment,
- Applications for training and recipients of training
- Applications for promotion
- Staff who benefit or suffer detriment as a result of performance assessment procedures
- Staff involved in capability, grievance and disciplinary procedures
- Staff who cease employment

7) Accessibility Strategy and Reasonable Adjustments for Disabled Pupils

Local authorities are required to prepare an accessibility strategy in relation to schools for which they are the responsible body. Further strategies must be prepared at such times as may be prescribed.

The objectives of the accessibility strategy are to:

- increase the extent to which disabled pupils can participate in schools' curriculums;
- improve the physical environment of schools for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by schools;
- improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled.

Local authorities in implementing an accessibility strategy must have regard to:

- the need to allocate adequate resources for implementing the strategy;
- pupils' disabilities and any preferences expressed by them or their parents.

In addition, schools and education authorities have had a duty to provide reasonable adjustments for disabled pupils since 2002 (originally under the Disability Discrimination Act 1995 (the DDA) and, from October 2010, under the Equality Act 2010). From 1 September 2012 the reasonable adjustments duty for schools and education authorities includes a duty to provide auxiliary aids and services for disabled pupils.

The duty is 'to take such steps as it is reasonable to have to take to avoid the substantial disadvantage' to a disabled person caused by a provision, criterion or practice applied by or on behalf of a school, or by the absence of an auxiliary aid or service.

Details of the council's approach can be found in Appendix 5.

Accessibility Strategy and Reasonable Adjustments for Disabled Pupils

Central Bedfordshire Council believes that every child/young person should be able to access the full curriculum and other opportunities that are provided through their local early years setting/school, and will work with these settings and schools to ensure that reasonable adjustments are made to make this possible. Central Bedfordshire Council is committed to working with schools and settings, partner agencies such as the Health Services, children and young people and their parents/carers to remove barriers to the achievement of good outcomes for children with disabilities. We promote appropriate inclusive practices, both in our own services and in the schools and settings in our area. While we will comply with all legislation around Equality, Access and Disability, we will also seek, together with our schools and settings, to go beyond this to make positive inclusion a reality for children and young people.

For a number of years the Council has managed and administered funding for improved accessibility through the Schools Access Initiative (SAI). Numerous modifications and improvements have been made across all Central Bedfordshire schools to increase physical access. The Council has maintained an up to date Asset Management Plan for maintained schools and accessibility audits have been separately documented as part of suitability assessments to inform use of the SAI funding.

The current capital programme continues to allow for SAI funding for Community and Voluntary Controlled schools, and this is reviewed as appropriate. Voluntary Aided schools are also able to access DfE funding through the Local Authority Coordinated Voluntary Aided Programme.

The Council also works closely with health partners to establish the needs of individual pupils and to identify appropriate support. All new buildings and facilities are designed to be fully accessible.

An increasing number of Central Bedfordshire schools are seeking academy status and as a result are taking on full responsibility for ensuring accessibility for disabled pupils. Non maintained schools will have to apply to the Education Funding Agency for capital adjustments and will need to fund the provisions of auxiliary aids and services from their own budgets.

Central Bedfordshire Council will continue to support and challenge settings/schools to ensure that they fulfil these responsibilities. In instances where responsibilities are shared this will be managed strategically.

The Council will continue to signpost schools to guidance and good practice in making reasonable adjustments and removing barriers to learning and achievement.
