The Chairman advised that 10 members of the public had registered to speak, to address the Council.

Mr Hobbs spoke on behalf of Potton Town Council, in support of the Motion set out at Item 14 on the agenda and referred to the Potton neighbourhood plan. He spoke about the need for Town and Parish Councils to be consulted over the allocation of Section 106 Agreement monies. He expressed concern about how Section 106 monies from developments in Potton had been allocated to Biggleswade, when facilities were very much needed in Potton.

Mr Shrimpton spoke on behalf of Millbrook Parish Council in support of the Motion set out at Item 14 on the agenda. He spoke about traffic problems in Millbrook and the importance of Section 106 monies being deployed to alleviate the impact of two large commercial sites in Millbrook.

Mr Giugno referred to item 14, Motions and supported the need to consult with Town and Parish Councils. He expressed his concerns about current issues in Houghton Regis.

Mrs Lawrence spoke in support of the Motion set out at Agenda item 14 and the anticipated ward presentation on Tempsford Airfield. She asked a question about the Cambridge to Oxford Arc and for the Council's view on the number of new homes recommended by the National Infrastructure Commission. She also raised concerns about SEMLEP.

Mr Lynch spoke about the historic importance of Tempsford Airfield dating back to World War Two.

Mr Besant, Chairman of Tempsford Parish Council, spoke about the history of Tempsford Airfield and concerns about developing the site.

Mr Aldis raised concerns about the closure of Barclays Bank in Sandy and the impact on businesses and residents in the town.

Doctor Egan spoke about illegal encampments in the area of the Woodside Link and expressed concerns about the lack of the provision of affordable housing in Houghton Regis.

Mrs Williams asked if the Council would support halting the reintroduction of fluoride in Pulloxhill and surrounding areas until an investigation had been undertaken.

C/17/43 **Ward Presentation**

The Council received a ward presentation from Councillor Gurney on Tempsford Airfield.

C/17/44 **"Petitions**

The Council considered a petition received from Mr Bloxham.

“S106 monies are funds given to a community by a developer in order to help improve local facilities. When a development of 90 houses in Potton was recently approved, £42,000 of S106 for sport was allocated to a sporting facility in Biggleswade. Despite Potton Town Council, the developer and ward councillor Adam Zerny calling for this money to be allocated to Potton, CBC have refused. As Potton has a project in place for a similar facility, which also requires funding it seems unbelievable that money is given to a neighbouring town. We are appealing to Central Bedfordshire Council on behalf of the local community to re-allocate the funds to Potton.

We the undersigned are concerned residents who would urge our local council and property developers to act now.”

In presenting the petition, Mr Bloxham spoke about concerns relating to developments in Potton and the subsequent pressure that was being placed on local infrastructure. He referred to Section 106 monies from developments in Potton that were being allocated to surrounding towns and villages. He asked that monies be re-allocated to Potton.

The Chairman invited the Executive Members to respond to Mr Bloxham and the public speakers who had made representations under agenda item 4. The Leader would reply to Mr Aldis during his announcements at agenda item 7.

The Executive Member for Regeneration responded to members of the public who had made representations under agenda item 4 in the order in which they had been received.

The Executive Member for Regeneration referred to concerns Mr Hobbs had raised about communities feeling that they were not being properly consulted on plans. He emphasised the importance of community planning and participation in the consultation process on the emerging Local Plan.

The Executive Member for Regeneration referred to Mr Shrimpton's concerns about traffic travelling through the village of Millbrook. He referred to Section 106 monies that had been allocated for further infrastructure in the area and

would ask the Deputy Executive Member for Regeneration to contact Mr Shrimpton directly to work together on this issue.

The Member for Regeneration responded to Mrs Lawrence and outlined the role of SEMLEP and the pressures from government to proceed with the Oxford to Cambridge Arc, including with the development of additional housing.

The Member for Regeneration responded to Mr Lynch and Mr Besant about the historical value of Tempford airfield and referred to the emerging Local Plan.

The Executive Member for Community Services responded to Dr Egan. He explained the limitations of the Council's powers but emphasised that the authority was working with private land owners to try to address the current difficulties as well as lobbying Government.

The Executive Member for Health responded to Mrs Williams and advised that the Council would not be taking a vote on fluoridation at this time.

The Executive Member for Regeneration thanked Mr Bloxham for presenting the petition. He spoke about securing monies for Potton and explained that the allocation of monies for leisure projects has to be on the basis of need and sustainable scheme schemes.

### **Motions**

A notice of motion has been received from Councillor Zerny:

“This council understands that Section 106 monies provide an important source of revenue for mitigating the impact of development and enabling schemes to proceed. In order to ensure this funding is focused on the right priorities it is important to ensure that local councillors, parish and unitary, are involved in the process at a point when their input can have material influence.

The council resolves that wherever possible the local parish, and unitary authority member should be consulted by planning officers on what they think should be the priorities for each Section 106 allocation within their ward, and calls on the Chief Executive to put in place measures that will ensure that this happens.”

In presenting the motion, Councillor Zerny expressed concern about Town and Parish Councils feeling that they are not being consulted on schemes and developments

Councillor Graham seconded and spoke in favour of the motion. She summarised the importance of the allocation of Section 106 monies and involvement of the engagement of Town and Parish Councils at an early stage in the consultation process.

Councillor Young spoke about legislation governing the allocation of funding and the engagement of Town and Parish Councils in the planning process.

Councillor Young proposed an amendment to the motion:

“This council understands that Section 106 monies provide an important source of revenue for mitigating the impact of development and enabling schemes to proceed. In order to ensure this funding is focused on the right priorities it is important to ensure that local councillors, parish and unitary, are involved in the process at a point when their input can have material influence.

In order for this to happen it is important that the local community have established clear local priorities and associated deliverable schemes to match these priorities, against which planning officers can seek funding contributions. It is the role of local ward councillors to work with local communities, Town and Parish Councils to achieve this. It is also important that where 106 contributions have been received that there are suitable, qualifying, deliverable local projects rather than funds returned to developers. Local ward Councillors have a key role in working with local communities and officers to make sure this is achieved. This Council urges all local councillors to forward plan and work proactively with their communities and Local Town and Parish councils to achieve this.”

Councillor Berry seconded the motion. Upon being put to the vote the amendment was carried.

Upon being put to the vote 43 members voted in favour, 2 voted against and 3 members abstained from the substantive motion. (Councillor D Lawrence was absent from the room)

The substantive motion was declared to be carried.

## **RESOLVED**

### **C/17/54 Written Questions**

No written questions were received.

### **C/17/55 Open Questions**

The Chairman invited the Minority Group Leaders to ask a question each, prior to the consideration of questions that had been placed in the Open Question receptacle. The Minority Group Leaders did not ask a question.

- (1) Councillor Smith asked for clarity on the terms of reference, objectives and expected outcomes of a review on current education facilities in the region.

The Executive Member for Education and skills advised that a commission with outside bodies school was a unique opportunity to align the school estates as the local plan emerges. It is hoped that by end of the next calendar year to update members on school space planning.

- (2) Councillor Perham asked a question on concerns about repairs undertaken on Leighton Buzzard town centre footpaths.

The Executive Member for Community Services advised that he had recently visited roads in Leighton Buzzard. He advised that utility companies have up to 3 years to repair roads.

- (3) Councillor Shingler asked a question about Councils that do not have a local plan and asked if Central Bedfordshire Council has a plan.

The Executive Member for Regeneration advised that central Bedfordshire does have a Local Plan and referred to intervention by government on Council's that do not have a Local Plan.

**Recommendation to Council from the Executive meeting held on  
5 December 2017**

**E/17/77 Local Council Tax Support Scheme 2018/19**

The Executive considered a report from the Deputy Leader and Executive Member for Corporate Resources that set out the proposed Local Council Tax Support Scheme for 2018/19. It was proposed that the current scheme be readopted with no changes.

In response to a question, the Executive Member for Social Care and Housing explained that consideration would be given to a support package for care leavers to help them pay their Council Tax.

Reason for decision: To enable the Council to endorse the Central Bedfordshire Council Local Council Tax Support Scheme. If the Scheme was not approved by 31 January 2018, the Council would have to award Local Council Tax Support in accordance with the Government's default Scheme which would result in the cost of the Scheme significantly exceeding that of the Local Council Tax Support Scheme.

***RECOMMENDED to Council***

***that the current Local Council Tax Support Scheme be extended for a further year (2018/19) with no changes being proposed.***

### Purpose of this report

The purpose of this report is to seek Council's approval of the draft Calendar of Meetings for 2018-19.

### RECOMMENDATION

**Council is asked to approve the draft Calendar of Meetings for 2018–19 as set out at Appendix A to this report.**

### Overview and Scrutiny Comments/Recommendations

1. This report is not scheduled to be considered by Overview and Scrutiny because full consultation is undertaken on the draft Calendar of Meetings during the course of its preparation, including with the chairmen of all the overview and scrutiny and other committees, followed by consideration and approval by Council.

### Background

2. The draft Calendar sets out the proposed meeting schedule for the municipal year 2018-19, together with dates of meetings which occur immediately before and after that period.
3. Preparing a Calendar of Meetings for the municipal year ahead enables effective planning of Council business and preparation of the Executive's Forward Plan. In addition the Constitution specifies that citizens have the right to attend meetings of the Council, the Executive and its committees and the availability of a Calendar enables citizens to be aware in advance of meeting dates.

4. Set out at Appendix A is a draft Calendar of Meetings for the period 14 May 2018 - 3 June 2019 which extends just beyond either side of the municipal year.
5. The draft Calendar has been circulated for comment to the Leader and Deputy Leader of the Council, Group Leaders, Executive Members and Deputies and the chairmen of all committees. In addition the Chief Executive and all Chief Officers have also been consulted. Whenever possible any suggested amendments have been incorporated into the draft.
6. It should be noted that the draft Calendar only lists those meetings which can or need to be programmed (for constitutional, financial or other reasons). Meetings of other Council bodies, such as the Licensing Sub-Committee and Appointments Sub-Committee, will be arranged as and when necessary.

#### **Council Priorities**

7. Having in place effective leadership and political management arrangements for the Authority is critical to the delivery of the Council's vision and its strategic priorities.

#### **Corporate Implications**

#### **Legal Implications**

8. The submission of the draft Calendar of Meetings for approval annually by Council complies with the requirements of the Council's Constitution.

#### **Financial Implications**

9. Administration of the proposed meetings can be met within existing budgets.

#### **Equalities Implications**

10. Central Bedfordshire Council has a statutory duty to promote equality of opportunity. The availability of a Calendar enables citizens to be aware in advance of meeting dates and to make arrangements to participate in the democratic process.

#### **Conclusion and next Steps**

11. Approving the draft Calendar will assist the Council and its Members to undertake their duties and enable citizens to attend and participate in the democratic process.

12. Following approval of the draft Calendar the dates will be published on the Council's website and paper copies of the Calendar will be made widely available.
