

Request to Leader for the inclusion of item on the Executive agenda

I request the Leader of the Council to include the following item of business on the agenda for next meeting of the Executive under the provisions of Rule 9.4 of the Executive Procedure Rules.

In response to considerable public demand and to comply with The Government's policy of localism, I urge the Executive to reconsider the decision of the Traffic Management meeting on 6 July 2010 on the request by Husborne Crawley Parish Council to alter the speed limit through the village to 30mph and outside the school to 20 mph and allow gateways at the entrance to the village

Taking into consideration the minutes of the Sustainable Communities Overview and Scrutiny Committee of 18 May 2010 and their unanimous recommendation to the Portfolio Holder for Safer and Stronger Communities, I believe that the people of Husborne Crawley deserve to have their request given further consideration

Councillor Fiona Chapman MBE DL
2 August 2010
