

Dear Sir,

I am writing on behalf of my husband + myself to protest against the opening of the property at 41A Woburn Str. at very unsocial hours. The premises have no parking, being on the main road. We live in a small closed lane very near-by, and I am sure this would lead to parties here. There would obviously be door banging + voices very late at night. We have some very elderly people, as well as families with small children + babies in our lane and it would be very disruptive.

Amphill is a quiet market town with

2.

several good pubs. Any late night  
openings for special events I am sure  
would be able to get a concession from  
the Council

Yours sincerely,
