RECOMMENDATION:**That the Audit Committee:**

- 1. Note and comment on the updates as presented.**

Background

1. One of the purposes of the Audit Committee is to provide independent assurance on the adequacy of the risk management framework and the associated control environment.
2. To further strengthen the Audit Committee's role in monitoring the internal control environment within the Council, Internal Audit has developed a system for monitoring and reporting progress against high risk recommendations arising from internal audit inspections.
3. This paper represents the regular summary of high risk recommendations made to date, along with the progress made against implementation of those recommendations.

Tracking High Risk Recommendations

4. This report sets out the position as at the end of May 2011. In order to distinguish between recommendations made during 2010/11 and more recent recommendations, the tracking has been presented as two tables – one summarising the reports issued during 2010/11 and captured in previous monitoring reports to the Committee and the second table summarising reports containing high risk recommendations issued since the April 2011 Committee.

5. Appendix 1 provides detail of progress made to date in addressing high risk recommendations contained in reports issued during 2010/11 and previously reported to the Committee. The table below provides a summary by Directorate.

Table 1 – Summary of High Priority Recommendations Made and Included in tracking reports to the Audit Committee during 2010/11 and earlier

	Customer and Shared Services	Office of The Chief Executive	Children's Services	Sustainable Communities	Social Care Health and Housing	Total	%
No. of reports	15	1	1	2	1	20

No work started Deadline missed RED	0	0	0	0	0	0	0
Total Recs.	61	3	5	5	1	75	100

Although progress has been made on implementing the high risk recommendations, 17% are ongoing with target missed within the agreed timescales.

6. Appendix 3 provides details of the 13 high risk recommendations contained in Table 1 where implementation of the recommendation is running behind planned completion dates. In response to member feedback, the appendix includes the rationale behind the audit recommendation, the responsible officer and an explanation for the reason for the slippage.
7. A number of audit reports have been issued since the last tracking report was prepared for the Audit Committee. Appendix 2 sets out the reports issued since then that contain further high risk recommendations. The table below provides a summary by Directorate.

8. **Table 2- Summary of Additional High Priority Recommendations Made Since Last Audit Committee (April 2011)**

	Customer and Shared Services	Office of The Chief Executive	Children's Services	Sustainable Communities	Social Care Health and Housing	Total	%

No work started Deadline missed RED	0	0	0	0	0	0	0
Total Recs.	18	0	14	0	1	33	100

9. Appendix 4 provides the details of the 10 recommendations contained in Table 2 where implementation of the recommendation is running behind planned completion dates.
10. Wherever possible evidence has been obtained to support the implementation of recommendations. However, in some instances, verbal assurance has been obtained. Where this is the case, further evidence will be obtained to support the assurances given.
11. Progress will continue to be monitored. The follow up of audit recommendations forms an integral part of the managed audit reviews.

Future Monitoring

12. Officers responsible for the implementation of recommendations will be contacted regularly to provide updates on progress made. Evidence will be required to support progress made. Where recommendations are ongoing these will continue to be monitored.
13. The Audit Committee, at its meeting on 4th April 2011, resolved that, following investigation by the Interim Assistant Director of Finance, any recommendations which have failed to be actioned by the agreed target date should be referred to the relevant overview and scrutiny committee in order that they may be considered and dealt with as matters of urgency and to enable any recommendation(s) to be made to the Executive. This report should assist with that investigation.

Conclusion

14. Internal Audit recommendations are designed to introduce new controls and procedures or to enhance and strengthen existing controls. This tracking report has demonstrated that action is being taken to implement these recommendations, thus improving the overall control environment.
15. Further work is required to ensure that the outstanding recommendations are implemented and to monitor additional recommendations made during the year.
16. This continuous tracking and reporting of progress on Internal Audit inspections to the Audit Committee will ensure that the Committee has the means to monitor how effectively the high risk recommendations have been implemented.
