

Making alterations to the upper and/or lower age limit of a maintained mainstream school

A Guide for Governing Bodies of Community, Foundation and Voluntary Schools

Adapted from DfE Decision Makers Guidance

Introduction

This guide is based on the procedures established by The Education and Inspections Act 2006 (EIA 2006) and The School Organisation (Prescribed Alterations to Maintained Schools) (England) Regulations 2007 (as amended by The School Organisation and Governance (Amendment) (England) Regulations 2007 which came into force on 21 January 2008 and The School Organisation and Governance (Amendment) (England) Regulations 2009 which came into force on 1 September 2009). The relevant provisions of EIA 2006 came into effect on 25 May 2007.

This guide contains both statutory guidance (i.e. guidance to which local authorities (LAs) and governing bodies have a statutory duty to have regard) and non-statutory guidance, on the process for making alterations to the upper and lower age limit to a maintained mainstream school.

Throughout this guide any reference to “prescribed alterations” covers the above changes.

The statutory guidance sections are indicated by shading, the word **must** in bold refers to a requirement in legislation; whilst the word **should** in bold is a recommendation.

Who is this Guide for?

This guide is for maintained schools who are considering altering their upper or lower age limit, for the Governing Bodies of Voluntary or Foundation schools considering publishing proposals to alter their upper or lower age limit under Section 19 of EIA 2006 (referred to as “proposers”, the LA for Community schools), those deciding proposals, referred to as the “Decision Maker” (i.e. the LA and the schools adjudicator) and also for information for those affected by proposals to make these changes to existing school provision.

Who is this Guide not for?

This guide is not for Academies who are considering altering their upper or lower age limit. Academies can propose changes in their provision, including the extension of their age range, through their admissions arrangements.

The Young People’s Learning Agency (YPLA), soon to become the Education Funding Agency, is currently the decision maker in this process, subject to appeal to the Schools Adjudicator, and the Local Authority is a consultee in the consultation process required of the Academy. Academies should seek further guidance directly from the YPLA.

School Organisation Planning Requirements

LAs are under a **statutory duty** to ensure that there are sufficient school places in their area, promote high educational standards, ensure fair access to educational opportunity and promote the fulfilment of every child's educational potential. They **must** also ensure that there are sufficient schools in their area, promote diversity and increase parental choice.

When are proposals required?

Schedules 2 and 4 of The School Organisation (Prescribed Alterations to maintained Schools)(England) Regulations 2007 ("the Regulations") (as amended) set out the alterations that can be made by governing bodies and LAs.

The changes to community, voluntary aided, voluntary controlled and foundation schools, which require statutory proposals and are covered by this guide are:

Alteration of Upper Age Limit – a change in the upper age limit by a year or more

Alteration of Lower Age Limit – which, when taken together with previous changes (i.e. in the past 5 years; since the school opened or since any previous age change proposals were implemented), would result in a lower/higher age limit by at least one year. This would include the addition or removal of early years provision for 3 and 4 year olds.

Other proposals for prescribed alterations to maintained schools

In addition, the process set out in this guide applies to proposals to transfer a school to a new site, or provide an additional site except where the main entrance of the new site is within 3.2 kilometres (2 miles) 'as the crow flies' of the main entrance of the existing site.

Statutory proposals are also required for a proposed enlargement of the premises of any school which would increase the capacity of the school by **both**:-

- a. more than 30 pupils; **and**
- b. by 25% or 200 pupils (whichever is the lesser).

Proposals to enlarge a school are subject to slightly different guidance from that provided in this document. Key differences are in respect of the statutory timescales involved for consultation and representation, and also those bodies who can promote enlargement.

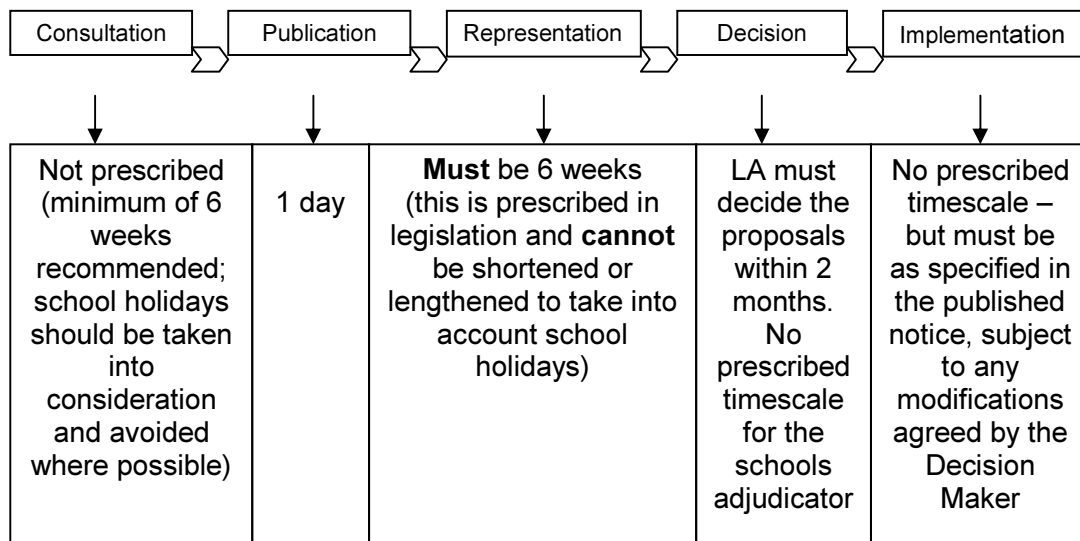

However, in commissioning new school places to manage anticipated growth across Central Bedfordshire, as set out in the Council’s School Organisation Plan, proposals to enlarge successful and popular schools will be brought forward. Where significant new provision is required the Council, as commissioners of services, may invite existing successful and popular schools to expand their current provision across a new site.

In these circumstances separate guidance and an amended proposal template, explained later in this document, will be used to capture key information for evaluation and for decision makers.

Where these opportunities do not exist, or where the need to increase diversity, choice and access cannot be met through expansion of existing providers, the Council may seek applications from new promoters to run new schools through a competition.

Overview of Process

There are 5 statutory stages for a statutory proposal to make a prescribed alteration to a school:

Who Can Publish Prescribed Alteration Statutory Proposals?

The Regulations prescribe who can publish the different types of proposals for each category of school, but where they relate to the alteration of lower and/or upper age ranges they are:

The LA for Community Schools, and the Governing Bodies for Foundation and Voluntary Schools

Where to Start?

Before commencing any consultation, the governing body **should** ensure they understand the statutory process that **must** be followed, the factors that are likely to be considered by the LA as Decision Maker (or the schools adjudicator) and that they have a sufficiently strong case and supporting evidence for their proposals. Published proposals cannot be considered unless any capital funding required for their implementation is in place.

In order to ensure that the business case is robust and to enable Central Bedfordshire to evaluate the proposal at an early stage, the governing body should complete the attached proposal template that sets out some of the key factors that the decision maker would ultimately need to be considered.

If other schools are considering submitting related or interdependent proposals they should do so simultaneously wherever possible.

These will be evaluated by Council officers and a report will be made to the Director of Children's Services. A response will be provided within six weeks at which point a meeting will be held between the school(s) and officers to discuss the proposal, any further information needed, roles and responsibilities for the next steps in the detailed process if it is to proceed.

The Process in more detail?

The following sections outline the various stages in detail.

STAGE 1 - CONSULTATION

Stage 1 – Consultation (Paragraphs 1.1-1.7)

1.1 The Regulations provide that those bringing forward statutory proposals to make a prescribed alteration to the upper or lower age range of a school (LA for Community Schools and Governing Bodies of Voluntary or Foundation Schools) **must** consult interested parties, and in doing so **must** have regard to the Secretary of State's guidance. The statutory guidance for this purpose is contained in paragraphs 1.2 to 1.4 .

1.2 The Secretary of State requires those bringing forward proposals to consult all interested parties (see paragraph 1.3 below). In doing so they **should**:

- allow adequate time;
- provide sufficient information for those being consulted to form a considered view on the matters on which they are being consulted;
- make clear how their views can be made known; and
- be able to demonstrate how they have taken into account the views expressed during consultation in reaching any subsequent decision as to the publication of proposals.

1.3 The Regulations require proposers to consult the following interested parties:

- the governing body of any school which is the subject of proposals (if the LA are publishing proposals);
- the LA that maintains the school (if the governing body is publishing the proposals);
- families of pupils, teachers and other staff at the school;
- any LA likely to be affected by the proposals, in particular neighbouring authorities where there may be significant cross-border movement of pupils;
- the governing bodies, teachers and other staff of any other school that may be affected;
- families of any pupils at any other school who may be affected by the proposals including where appropriate families of pupils at feeder primary schools;

- any trade unions who represent staff at the school; and representatives of any trade union of any other staff at schools who may be affected by the proposals;
- (if proposals involve, or are likely to affect a school which has a particular religious character) the appropriate diocesan authorities or the relevant faith group in relation to the school;
- the trustees of the school (if any);
- (if the proposals affect the provision of full-time 14-19 education) the YPLA
- MPs whose constituencies include the schools that are the subject of the proposals or whose constituents are likely to be affected by the proposals;
- the local district or parish council where the school that is the subject of the proposals is situated;
- any other interested party, for example, the Early Years Development and Childcare Partnership (or any local partnership that exists in place of an EYDCP) where proposals affect early years provision, or those who benefit from a contractual arrangement giving them the use of the premises; and
- such other persons as appear to the proposers to be appropriate.

1.4 Under Section 176 of the Education Act 2002 LAs and governing bodies are also under a duty to consult pupils on any proposed changes to local school organisation that may affect them.

Conduct of Consultation (Paragraphs 1.5-1.7)

1.5 **How** statutory consultation is carried out is not prescribed in regulations and it is for the proposers to determine the nature of the consultation including, for example, whether to hold public meetings. Although regulations do not specify the consultation's duration, the Department strongly advises that the proposers **should** allow at least 6 weeks for this. This will allow consultees an opportunity to consider what is being proposed and to send their comments. Proposers **should** avoid consulting on proposals during school holidays, where possible.

1.6 At the end of the consultation the proposer **should** consider the views expressed during that period before reaching any final decision on whether to publish statutory proposals. Where, in the course of consultation, a new option emerges which the proposer wishes to consider, it will probably be appropriate to consult afresh on this option before proceeding to publish statutory notices.

1.7 Any related proposals from other schools in the area **should** be consulted on at the same time. Notices for related proposals **should** be published at the same time and specified as “related” so that they are decided together (see paragraph 2.5).

Remember:

Do	Don't
Consult all interested parties	Consult during school holidays (where possible)
Provide sufficient time and sufficient information	Use language which could be misleading, e.g. We <u>will</u> remove SEN provision – instead, use ‘propose to’.
Think about the most appropriate consultation method	
Consider feedback and views	
Consider alternative options	
Explain the decision making process	

STAGE 2 - PUBLICATION

Stage 2 – Publication (Paragraphs 2.1-2.10)

2.1 Proposals **should** be published within a reasonable timeframe following initial consultation so that the proposals are informed by up-to-date feedback. Proposals **should** therefore be published within 12 months of initial consultation being concluded.

2.2 Proposals **must** contain predefined information specified in the Regulations. The regulations specify that part of the information is published in a statutory notice (see paragraphs 2.3-2.4 below), but the complete proposal **must** be sent to a range of copy recipients (see paragraph 2.9-2.10). The form that you will have submitted initially to the LA contains much of this information.

2.3 A statutory notice containing specified information **must** be published in a local newspaper, and also posted at the main entrance to the school (or all the entrances if there is more than one) and at some other conspicuous place in the area served by the school (e.g. the local library, community centre or post office etc.). The ‘date of publication’ is regarded as being the date on which the last of the above conditions is met. Proposers may circulate a notice more widely in

order to ensure that all those substantially affected have the opportunity to comment.

2.4 To help proposers prepare their statutory notice, further guidance and a Notice Builder tool is available at the DfE website.

Related Proposals (Paragraph 2.5)

2.5 Where proposals are interdependent (linked) they **should** be identified as “related”, either by being published in a single notice or the link to the other proposals made clear in each notice. Where proposals by the LA are “related” to proposals by governing bodies or other proposers (e.g. where the proposals affect a wider area and a number of schools) the LA and governors or proposers may publish a single notice but this **must** make it clear who is making which proposals, under their respective powers, and there **should** be separate signatures for each relevant section. Where proposals are not “related”, they **should not** be published on the same notice unless the notice makes it very clear that the proposals are not “related”.

Implementation date (Paragraph 2.6)

2.6 There is no maximum limit on the time between the publication of a proposal and its proposed date of implementation but circumstances may change significantly if too long a period elapses. In general, therefore the implementation date for the proposals (stated in the statutory notice) **should** be within 3 years of their publication. Proposers may be expected to show good reason if they propose a longer timescale. If the proposals are approved, they **must** then be implemented by the proposed implementation date, subject to any modifications made by the Decision Maker.

Explanatory Note (Paragraph 2.7)

2.7 If the full effect of the proposals is not apparent to the general public from the statutory notice, it may be supplemented by an explanatory note or background statement, but this **should** be clearly distinguishable from the formal proposals as it does not form a statutory part of the notice. Ideally, whilst complying with regulations, the statutory notice **should** be as concise as possible, so that it is easily understood (this will also help keep publication costs to a minimum), with more detailed information contained in the complete proposal.

Invalid Notice (Paragraph 2.8)

2.8 Where a published notice has not been properly formulated in accordance with the regulations, the notice may be judged invalid and therefore ineligible to be determined by the LA or schools adjudicator. In these circumstances the proposer **should** publish a revised notice making it clear that this replaces the

first notice and that the statutory period for representations will run from the publication date of the revised notice (and whether or not any representations already received will still be considered by the Decision Maker). If the issue is very minor, e.g. a typo, a published addendum may suffice, in which case, the representation period would not need to change.

Who must be sent copies of proposals? (Paragraphs 2.9-2.10)

2.9 The proposer **must, within one week of the date of publication**, send a full copy of the complete proposal, to:

- the LA (if the governing body published the proposals);
- the school's governing body (if the LA published the proposals);
and

within one week of the receipt of the request, send a full copy of the complete proposal, to:

- any person who requests a copy; and

2.10 The proposers **must also send to the Secretary of State (i.e. to SOCU, DfE, Mowden Hall, Darlington DL3 9BG or via email to school.organisation@education.gsi.gov.uk within a week of publication**:

- a complete copy of the proposal, excluding all documentation relating to the consultation; and
- a copy of the statutory notice that appeared in the local newspaper, showing the date of publication.

STAGE 3 - REPRESENTATIONS

Stage 3 – Representations (Paragraphs 3.1-3.2)

3.1 Once proposals are published there follows a **6 week statutory representation period** during which comments on the proposals can be made. These **must** be sent to the LA. Any person can submit representations, which can be objections as well as expressions of support for the proposals. The representation period is the final opportunity for people and organisations to express their views about the proposals and ensure that they will be taken into account by the Decision Maker.

3.2 The representation period is specified in legislation for the prescribed

alterations covered by this guide as **6 weeks** and **must not** be altered e.g. cannot be shortened or extended to fit in with scheduled meetings or to take into account school holidays – meetings will need to be rescheduled and every effort **should** be made to advise stakeholders during the consultation period when the notice is likely to be published.

STAGE 4 - DECISION

Stage 4 – Decision (Paragraphs 4.1-4.67)

Who Will Decide the Proposals? (Paragraphs 4.1-4.4)

4.1 Decisions on school organisation proposals are taken by the LA or by the schools adjudicator. In this chapter both are covered by the form of words “Decision Maker” which applies equally to both.

4.2 Section 21 of EIA 2006 provides for regulations to set out who **must** decide proposals for any prescribed alterations. The Regulations make detailed provision for the consideration of prescribed alteration proposals (see in particular Schedules 3 and 5). Decisions on the prescribed alterations covered in this guide will be taken by the LA with some rights of appeal to the schools adjudicator.

4.3 If the LA fail to decide proposals within 2 months of the end of the representation period the LA **must** forward proposals, and any received representations (i.e. not withdrawn in writing), to the schools adjudicator for decision. They **must** forward the proposals within one week from the end of the 2 month period.

4.4 The Department does not prescribe the process by which an LA carries out their decision-making function (e.g. full Executive or delegation to Executive member or officials). This is a matter for the LA to determine but the requirement to have regard to statutory guidance (see paragraph 4.15 below) applies equally to the body or individual that takes the decision.

Who Can Appeal Against an LA Decision? (Paragraphs 4.5-4.6)

4.5 The following bodies may appeal against an LA decision on prescribed alteration proposals:

- the local Church of England diocese;
- the bishop of the local Roman Catholic diocese;
- the YPLA where the school provides education for pupils aged 14

and over; and

- the governors and trustees of a foundation (including Trust) or voluntary school that is subject to the proposals.

4.6 Any appeals **must** be submitted to the LA within 4 weeks of the notification of the LA's decision. On receipt of an appeal the LA **must** then send the proposals, and the representations received (together with any comments made on these representations by the proposers), to the schools adjudicator within 1 week of the receipt of the appeal. The LA **should** also send a copy of the minutes of the LA's meeting or other record of the decision and any relevant papers. Where the proposals are "related" to other proposals, all the "related" proposals **must** also be sent to the schools adjudicator.

Checks on Receipt of Statutory Proposals (Paragraph 4.7)

4.7 There are 4 key issues which the Decision Maker **should** consider before judging the respective factors and merits of the statutory proposals:

- Is any information missing? If so, the Decision Maker **should** write immediately to the proposer specifying a date by which the information **should** be provided;
- Does the published notice comply with statutory requirements? (see paragraph 4.8 below);
- Has the statutory consultation been carried out prior to the publication of the notice? (see paragraph 4.9 below);
- Are the proposals "related" to other published proposals? (see paragraphs 4.10 to 4.14 below).

Does the Published Notice Comply with Statutory Requirements? (Paragraph 4.8)

4.8 The Decision Maker **should** consider whether the notice is valid as soon as a copy is received. Where a published notice does not comply with statutory requirements - as set out in the Regulations - it may be judged invalid and the Decision Maker **should** consider whether they can decide the proposals.

Has the Statutory Consultation Been Carried Out Prior to the Publication of the Notice? (Paragraph 4.9)

4.9 Details of the consultation **must** be included in the proposals. The Decision Maker **should** be satisfied that the consultation meets statutory requirements (see Stage 1 paragraphs 1.2 – 1.4). If some parties submit objections on the basis that consultation was not adequate, the Decision Maker

may wish to take legal advice on the points raised. If the requirements have not been met, the Decision Maker may judge the proposals to be invalid and needs to consider whether they can decide the proposals. Alternatively the Decision Maker may take into account the sufficiency and quality of the consultation as part of their overall judgement of the proposals as a whole.

Are the Proposals Related to Other Published Proposals? (Paragraphs 4.10-4.12)

4.10 Paragraph 35 of Schedule 3, and Paragraph 35 of Schedule 5, to the Regulations provides that any proposals that are “related” to particular proposals (e.g. for prescribed alterations to existing schools i.e. change of age range) **must** be considered together. Paragraphs 4.11-4.14 provide statutory guidance on whether proposals **should** be regarded as “related”.

4.11 Generally, proposals **should** be regarded as “related” if they are included on the same notice (unless the notice makes it clear that the proposals are not “related”). Proposals **should** be regarded as “related” if the notice makes a reference to a link to other proposals (published under School Organisation and Trust regulations). If the statutory notices do not confirm a link, but it is clear that a decision on one of the proposals would be likely to directly affect the outcome or consideration of the other, the proposals **should** be regarded as “related”.

4.12 Where proposals are “related”, the decisions **should** be compatible e.g. if one set of proposals is for the removal of provision, and another is for the establishment or enlargement of provision for displaced pupils, both **should** be approved or rejected.

Statutory Guidance – Factors to be Considered by Decision Makers (Paragraphs 4.15-4.16)

4.15 Regulation 8 of The Regulations provides that both the LA and schools adjudicator **must** have regard to guidance issued by the Secretary of State when they take a decision on proposals. Paragraphs 4.16 to 4.60 below contain the statutory guidance.

4.16 The following factors **should not** be taken to be exhaustive. Their importance will vary, depending on the type and circumstances of the proposals. All proposals **should** be considered on their individual merits.

EFFECT ON STANDARDS AND SCHOOL IMPROVEMENT

A System Shaped by Parents (Paragraphs 4.17-4.18)

4.17 The Government's aim, as set out in the Five Year Strategy for Education and Learners and the Schools White Paper Higher Standards, Better Schools For All, is to create a schools system shaped by parents which delivers excellence

and equity. In particular, the Government wishes to see a dynamic system in which:

- weak schools that need to be closed are closed quickly and replaced by new ones where necessary; and
- the best schools are able to expand and spread their ethos and success.

4.18 The EIA 2006 amends the Education Act 1996 to place duties on LAs to secure diversity in the provision of schools and to increase opportunities for parental choice when planning the provision of schools in their areas. In addition, LAs are under a specific duty to respond to representations from parents about the provision of schools, including requests to establish new schools or make changes to existing schools. The Government's aim is to secure a more diverse and dynamic schools system which is shaped by parents. The Decision Maker **should** take into account the extent to which the proposals are consistent with the new duties on LAs.

Standards (Paragraphs 4.19-4.20)

4.19 The Government wishes to encourage changes to local school provision which will boost standards and opportunities for young people, whilst matching school place supply as closely as possible to pupils' and parents' needs and wishes.

4.20 Decision Makers **should** be satisfied that proposals for prescribed alterations will contribute to raising local standards of provision, and will lead to improved attainment for children and young people. They **should** pay particular attention to the effects on groups that tend to under-perform including children from certain ethnic groups, children from deprived backgrounds and children in care, with the aim of narrowing attainment gaps.

Diversity (Paragraphs 4.21-4.23)

4.21 Decision Makers **should** be satisfied that when proposals lead to children (who attend provision recognised by the LA as being reserved for pupils with special educational needs) being displaced, any alternative provision will meet the statutory SEN improvement test (see paragraphs 4.55 - 4.59).

4.22 The Government's aim is to transform our school system so that every child receives an excellent education – whatever their background and wherever they live. A vital part of the Government's vision is to create a more diverse school system offering excellence and choice, where each school has a strong ethos and sense of mission and acts as a centre of excellence or specialist provision.

4.23 Decision Makers **should** consider how proposals will contribute to local diversity. They **should** consider the range of schools in the relevant area of the LA and whether the alteration to the school will meet the aspirations of parents, help raise local standards and narrow attainment gaps.

Every Child Matters (Paragraph 4.24-4.25)

4.24 The Decision Maker **should** consider how proposals will help every child and young person achieve their potential in accordance with “Every Child Matters” principles which are: to be healthy; stay safe; enjoy and achieve; make a positive contribution to the community and society; and achieve economic well-being.

4.25 This **should** include considering how the school will provide a wide range of extended services, opportunities for personal development, access to academic and applied learning training, measures to address barriers to participation and support for children and young people with particular needs, e.g. looked after children or children with special educational needs (SEN) and disabilities.

SCHOOL CHARACTERISTICS

Equal Opportunity Issues (Paragraph 4.30)

4.30 The Decision Maker **should** consider whether there are any sex, race or disability discrimination issues that arise from the changes being proposed, for example that where there is a proposed change to single sex provision in an area, there is equal access to single sex provision for the other sex to meet parental demand. Similarly there needs to be a commitment to provide access to a range of opportunities which reflect the ethnic and cultural mix of the area, while ensuring that such opportunities are open to all.

NEED FOR PLACES

Provision for Displaced Pupils (Paragraph 4.31)

4.31 Where proposals will remove provision, the Decision Maker **should** be satisfied that there is sufficient capacity to accommodate displaced pupils in the area, taking into account the overall supply and likely future demand for places. The Decision Maker **should** consider the quality and popularity with parents of the schools in which spare capacity exists and evidence of parents’ aspirations for those schools.

Creating Additional Places (Paragraphs 4.32-4.34)

4.32 Where proposals will increase provision, the Decision Maker **should** consider whether there is a need for the expansion and **should** consider the

evidence presented for the expansion such as planned housing development or demand for provision. The Decision Maker **should** take into account not only the existence of spare capacity in neighbouring schools, but also the quality and popularity with parents of the schools in which spare capacity exists and evidence of parents' aspirations for places in the school proposed for expansion. The existence of surplus capacity in neighbouring less popular or successful schools **should not** in itself prevent the addition of new places.

4.33 Where the school has a religious character, or follows a particular philosophy, the Decision Maker **should** be satisfied that there is satisfactory evidence of sufficient demand for places for the expanded school to be sustainable.

4.34 Where proposals will add to surplus capacity but there is a strong case for approval on parental preference and standards grounds, the presumption **should** be for approval. The LA in these cases will need to consider parallel action to remove the surplus capacity thereby created.

Travel and Accessibility for All (Paragraphs 4.35-4.36)

4.35 In considering proposals for the reorganisation of schools, Decision Makers **should** satisfy themselves that accessibility planning has been properly taken into account. Facilities are to be accessible by those concerned, by being located close to those who will use them, and the proposed changes **should not** adversely impact on disadvantaged groups.

4.36 In deciding statutory proposals, the Decision Maker **should** bear in mind that proposals **should not** have the effect of unreasonably extending journey times or increasing transport costs, or result in too many children being prevented from travelling sustainably due to unsuitable routes e.g. for walking, cycling etc. Proposals **should** also be considered on the basis of how they will support and contribute to the LA's duty to promote the use of sustainable travel and transport to school.

FUNDING AND LAND

Capital (Paragraphs 4.43-4.45)

4.43 The Decision Maker **should** be satisfied that any land, premises or capital required to implement the proposals will be available. Normally, this will be some form of written confirmation from the source of funding on which the promoters rely (e.g. the LA, DfE, or YPLA). In the case of an LA, this **should** be from an authorised person within the LA, and provide detailed information on the funding, provision of land and premises etc.

4.44 Where proposers are relying on DfE or the LA as a source of capital funding, there can be no assumption that the approval of proposals will trigger

the release of capital funds, unless it has been confirmed in writing that such resources will be available; nor can any allocation 'in principle' be increased. In such circumstances the proposals **should** be rejected, or consideration of them deferred until it is clear that the capital necessary to implement the proposals will be provided.

4.45 Proposals **should not** be approved conditionally upon funding being made available.

School Playing Fields (Paragraphs 4.51-4.52)

4.51 The Education (School Premises) Regulations 1999 set out the standards for school premises, including minimum areas of team game playing fields to which schools **should** have access. The Decision Maker will need to be satisfied that either:

- a. the premises will meet minimum requirements of The Education (School Premises) Regulations 1999; or
- b. if the premises do not meet those requirements, the proposers have secured the Secretary of State's agreement in principle to grant a relaxation.

4.52 Where the Secretary of State has given 'in principle' agreement as at paragraph 4.46(b) above, the Decision Maker **should** consider issuing conditional approval so that when the Secretary of State gives his agreement, the proposals will automatically gain full approval.

SPECIAL EDUCATIONAL NEEDS (SEN) PROVISION

Initial Considerations (Paragraphs 4.53-4.54)

4.53 SEN provision, in the context of School Organisation legislation and this guidance, is provision recognised by the LA as specifically reserved for pupils with special educational needs. When reviewing SEN provision, planning or commissioning alternative types of SEN provision or considering proposals for change, LAs **should** aim for a flexible range of provision and support that can respond to the special educational needs of individual pupils and parental preferences, rather than necessarily establishing broad categories of provision according to special educational need or disability. There are a number of initial considerations for LAs to take account of in relation to proposals for change. They **should** ensure that local proposals:

- a. take account of parental preferences for particular styles of provision or education settings;
- b. offer a range of provision to respond to the needs of individual children and young people, taking account of collaborative arrangements (including

between special and mainstream), extended school and Children's Centre provision; regional centres (of expertise) and regional and sub-regional provision; out of LA day and residential special provision;

- c. are consistent with the LA's Children and Young People's Plan;
- d. take full account of educational considerations, in particular the need to ensure a broad and balanced curriculum, including the National Curriculum, within a learning environment in which children can be healthy and stay safe;
- e. support the LA's strategy for making schools and settings more accessible to disabled children and young people and their scheme for promoting equality of opportunity for disabled people;
- f. provide access to appropriately trained staff and access to specialist support and advice, so that individual pupils can have the fullest possible opportunities to make progress in their learning and participate in their school and community;
- g. ensure appropriate provision for 14-19 year-olds, taking account of the role of local LSC funded institutions and their admissions policies; and
- h. ensure that appropriate full-time education will be available to all displaced pupils. Their statements of special educational needs will require amendment and all parental rights **must** be ensured. Other interested partners, such as the Health Authority **should** be involved.

4.54 Taking account of the considerations, as set out above, will provide assurance to local communities, children and parents that any reorganisation of SEN provision in their area is designed to improve on existing arrangements and enable all children to achieve the five Every Child Matters outcomes.

The Special Educational Needs Improvement Test (Paragraph 4.55)

4.55 When considering any reorganisation of provision that would be recognised by the LA as reserved for pupils with special educational needs, including that which might lead to some children being displaced through closures or alterations, LAs, and all other proposers for new schools or new provision, will need to demonstrate to parents, the local community and Decision Makers how the proposed alternative arrangements are likely to lead to improvements in the standard, quality and/or range of educational provision for children with special educational needs. All consultation documents and reorganisation plans that LAs publish and all relevant documentation LAs and other proposers submit to Decision Makers **should** show how the key factors set out in paragraphs 4.59 to 4.62 below have been taken into account by applying the SEN improvement test. Proposals which do not credibly meet these

requirements **should not** be approved and Decision Makers **should** take proper account of parental or independent representations which question the LA's own assessment in this regard.

Key Factors (Paragraphs 4.56-4.59)

4.56 When LAs are planning changes to their existing SEN provision, and in order to meet the requirement to demonstrate likely improvements in provision, they **should**:

a. identify the details of the specific educational benefits that will flow from the proposals in terms of:

- i. improved access to education and associated services including the curriculum, wider school activities, facilities and equipment, with reference to the LA's Accessibility Strategy;
- ii. improved access to specialist staff, both education and other professionals, including any external support and/or outreach services;
- iii. improved access to suitable accommodation; and
- iv. improved supply of suitable places.

b. LAs **should** also:

- i. obtain a written statement that offers the opportunity for all providers of existing and proposed provision to set out their views on the changing pattern of provision seeking agreement where possible;
- ii. clearly state arrangements for alternative provision. A 'hope' or 'intention' to find places elsewhere is not acceptable. Wherever possible, the host or alternative schools **should** confirm in writing that they are willing to receive pupils, and have or will have all the facilities necessary to provide an appropriate curriculum;
- iii. specify the transport arrangements that will support appropriate access to the premises by reference to the LA's transport policy for SEN and disabled children; and
- iv. specify how the proposals will be funded and the planned staffing arrangements that will be put in place.

4.57 It is to be noted that any pupils displaced as a result of the closure of a BESD school (difficulties with behavioural, emotional and social development)

should not be placed long-term or permanently in a Pupil Referral Unit (PRU) if a special school place is what they need. PRUs are intended primarily for pupils who have been excluded, although LAs can and do use PRU provision for pupils out of school for other reasons such as illness and teenage pregnancies. There may of course be pupils who have statements identifying that they have BESD who have been placed appropriately in a PRU because they have been excluded; in such cases the statement **must** be amended to name the PRU, but PRUs **should not** be seen as an alternative long-term provision to special schools.

4.58 The requirement to demonstrate improvements and identify the specific educational benefits that flow from proposals for new or altered provision as set out in the key factors are for all those who bring forward proposals for new special schools or for special provision in mainstream schools including governors of foundation schools and foundation special schools. The proposer needs to consider all the factors listed above.

4.59 Decision Makers will need to be satisfied that the evidence with which they are provided shows that LAs and/or other proposers have taken account of the initial considerations and all the key factors in their planning and commissioning in order to meet the requirement to demonstrate that the reorganisation or new provision is likely to result in improvements to SEN provision.

OTHER ISSUES

Views of Interested Parties (Paragraph 4.60)

4.60 The Decision Maker **should** consider the views of all those affected by the proposals or who have an interest in them including: pupils; families of pupils; staff; other schools and colleges; local residents; diocesan bodies and other providers; LAs; the YPLA (where proposals affect 14-19 provision) and the Early Years Development and Childcare Partnership if one exists, or any local partnership or group that exists in place of an EYDCP (where proposals affect early years and/or childcare provision). This includes statutory objections and comments submitted during the representation period. The Decision Maker **should not** simply take account of the numbers of people expressing a particular view when considering representations made on proposals. Instead the Decision Maker **should** give the greatest weight to representations from those stakeholders likely to be most directly affected by the proposals.

Types of Decision (Paragraph 4.61)

4.61 In considering prescribed alteration proposals, the Decision Maker can decide to:

- reject the proposals;
- approve the proposals;

- approve the proposals with a modification (e.g. the implementation date); or
- approve the proposals subject to them meeting a specific condition (see paragraph 4.64).

Conditional Approval (Paragraphs 4.62-4.63)

4.62 The regulations provide for a conditional approval to be given where the Decision Maker is otherwise satisfied that the proposals can be approved, and approval can automatically follow an outstanding event. Conditional approval can only be granted in the limited circumstances specified in the regulations i.e. as follows:

- a. the grant of planning permission under Part 3 of the Town and Country Planning Act 1990;
- b. the acquisition of the site required for the implementation of the proposals;
- c. the acquisition of playing fields required for the implementation of the proposals;
- d. the securing of any necessary access to a site referred to in sub-paragraph (b) or playing fields referred to in sub-paragraph (c);
- e. the agreement to any change to the admission arrangements specified in the approval, relating to the school or any other school or schools (*this allows the approval of proposals to enlarge the premises of a school to be conditional on the decision of adjudicators to approve any related change in admission numbers*);
- f. the formation of any federation (within the meaning of section 24(2) of the 2002 Act) of which it is intended that the proposed school should form part, or the fulfilling of any other condition relating to the school forming part of a federation;

4.63 The Decision Maker **must** set a date by which the condition **must** be met, but will be able to modify the date if the proposers confirm (preferably before the date expires), that the condition will be met later than originally thought. The condition-to-be-met-by date **must** be before the proposed implementation date of the proposal (which can also be modified if necessary). Therefore care **should** be taken when setting condition-to-be-met-by dates, particularly if proposals are “related” e.g. if a school is proposed to add a sixth form on 1st September one year, and enlarge on 1st September the following year, and the enlargement requires planning permission, the condition set **must** be met before the addition of a sixth form can be implemented (the earlier proposal). This is because as “related” proposals, they **should** both have the same decision, which in this case, would have been approval conditional upon planning permission being met. The

proposer **should** inform the Decision Maker and the Department (SOCU, DfE, Mowden Hall, Darlington DL3 9BG or by email to school.organisation@education.gsi.gov.uk) of the date when a condition is modified or met in order for the Department's records, and those of Edubase to be kept up to date. If a condition is not met by the date specified, the proposals **must** be referred back to the Decision Maker for fresh consideration.

Decisions (Paragraphs 4.64-4.66)

4.64 All decisions **must** give reasons for the decision, irrespective of whether the proposals were rejected or approved, indicating the main factors/criteria for the decision.

4.65 A copy of all decisions **must** be forwarded to:

- the LA or governing body who published the proposals;
- the trustees of the school (if any);
- the Secretary of State (via the School Organisation & Competitions Unit, DfE, Mowden Hall, Darlington DL3 9BG or by email to school.organisation@education.gsi.gov.uk);
- where the school includes provision for 14-16 education or sixth form education, the YPLA;
- the local CofE diocese;
- the bishop of the RC diocese;
- each objector except where a petition has been received. Where a petition is received a decision letter **must** be sent to the person who submitted the petition, or where this is unknown, the signatory whose name appears first on the petition; and

4.66 In addition, where proposals are decided by the LA, a copy of the decision **must** be sent to the Office of the Schools Adjudicator, Mowden Hall, Darlington DL3 9BG. Where proposals are decided by the schools adjudicator, a copy of the decision **must** be sent to the LA that it is proposed should maintain the school.

Can proposals be withdrawn? (Paragraph 4.67)

4.67 Proposals can be withdrawn at any point before a decision is taken. Written notice **must** be given to the LA, or governing body, if the proposals were published by the LA. Written notice **must** also be sent to the schools adjudicator (if proposals have been sent to him) and the Secretary of State – i.e. via the School Organisation & Competitions Unit, DfE, Mowden Hall, Darlington

DL3 9BG or by email to school.organisation@education.gsi.gov.uk . Written notice **must** also be placed at the main entrance to the school, or all the entrances if there are more than one.

STAGE 5 - IMPLEMENTATION

Stage 5 – Implementation (Paragraphs 5.1-5.13)

5.1 The proposers are under a **statutory duty** to implement any proposals which an LA or schools adjudicator has approved, by the approved implementation date. The proposals **must** be implemented as published, taking into account any modifications made by the Decision Maker. The following bodies are responsible for the implementation of proposals:

Type of School	Body published proposals that	Duty to implement
Community	LA	LA
Foundation	Proposers	LA and the proposers as set out in published proposals
	LA	LA
Voluntary Controlled	Proposers	LA and the proposers as set out in published proposals
Voluntary Aided	Proposers	Proposers but LA to provide playing fields

5.2 If the approval was subject to a condition being met by a specified date, proposers **should** ensure that they meet this. If it looks as though it might not be possible to meet the condition by the specified date, the proposals **must** be considered afresh by the Decision Maker that decided the proposals. The proposer **should** seek a modification to the condition before the date has passed.

5.3 **The implementation date of a proposal can supersede arrangements already published in the Admissions booklet for the forthcoming year. However, the Council seeks to maintain absolute clarity for parents on the choices before them and will therefore always aim to align decision-making and implementation timeframes with the publication deadline of the admissions booklet in June every year, for the following September.**

Can Proposals Be Modified? (Paragraphs 5.4-5.6)

5.4 If it proves impossible to implement the proposals as approved, the proposers can seek a modification and **must** apply to the Decision Maker who

decided the proposals. A modification **should** be made before the approved implementation date for the proposals is reached.

5.5 The most common modification is to the implementation date. However, proposals cannot be modified to the extent new proposals are substituted for those that have been consulted upon and published. If proposers wish to make a significant change to proposals after they have been approved, they **must** publish “revocation” proposals to be relieved of the duty to implement the proposals (see paragraphs 5.7-5.13 below) and publish fresh proposals.

5.6 Before modifying proposals the Decision Maker **must** consult the proposers and the LA, if the LA did not publish the proposals. The proposals should not be modified in a way that would in effect substitute new proposals – this would run the risk of successful legal challenge in the courts. The Secretary of State (via the School Organisation & Competitions Unit, DfE, Mowden Hall, Darlington DL3 9BG or by email to school.organisation@education.gsi.gov.uk) **must** be notified of any modification and the date it was approved, within one week of the proposal being modified.

Revocation (Paragraphs 5.7-5.13)

5.7 If proposers cannot implement approved proposals they **must** publish fresh proposals to be relieved of the duty to implement. Paragraph 41 of Schedules 3 and 5 of the Regulations provide that revocation proposals **must** contain the following information:

- a description of the original proposals as published;
- the date of the publication of the original proposals; and
- a statement as to why it is proposed that the duty to implement proposals should not apply in relation to the original proposals.

The proposals can be published as “related” proposals, if appropriate (following consultation). Templates for revocation notices can be found on the DfE School Organisation website.

5.8 The notice **must** be published in a local newspaper circulating in the area served by the school, and also posted at the main entrance to the school (and all entrances if there are more than one) and at some other conspicuous place in the area served by the school. The proposals **must** provide for anyone to submit comments and objections on the proposals to the LA within 6 weeks of the proposals being published. The proposers **must** forward a copy of the proposals to the LA/governing body within 1 week of publication. Proposers are advised to consult interested parties on the planned revocation proposals before publication although there is no statutory requirement to do so.

5.9 Revocation proposals **must** be decided by the LA, except where the original proposals were decided by the schools adjudicator (or School Organisation Committee), or if the schools adjudicator is required to decide any “related” proposals, in which case the LA **must** forward the proposals, and any comments and objections received, to the schools adjudicator within 2 weeks from the end of the representation period. If the LA are to decide proposals they **must** do so within 2 months from the end of the representation period and if not, **must** pass the proposals to the schools adjudicator within 1 week from the end of the 2 month period.

5.10 To approve the proposals the Decision Maker **must** be satisfied that implementation of the original proposals would be unreasonably difficult, or that circumstances have so altered since the original proposals were approved that their implementation would be inappropriate.

5.11 A copy of the decision **must** be forwarded to:

- the LA or governing body who published the proposals;
- the trustees of the school (if any);
- the Secretary of State (via the School Organisation & Competitions Unit, DfE, Mowden Hall, Darlington DL3 9BG or by email to school.organisation@education.gsi.gov.uk);
- where the school includes provision for 14-16 education or sixth form education, the YPLA;
- the local CofE diocese;
- the bishop of the RC diocese.

5.12 The following bodies have a right of appeal to the schools adjudicator if they disagree with the LA’s decision:

- The local Church of England diocese;
- The bishop of the local Roman Catholic diocese;
- The YPLA where the school is to provide education for pupils aged 14 and over; and
- The governing body and trustees (if relevant) of the school.

5.13 Appeals **must** be submitted to the LA within 4 weeks of the notification of the LA’s decision. On receipt of an appeal the LA **must** then send the proposals and the representations (together with any comments made on these

representations by the proposers) to the schools adjudicator within 1 week of the receipt of the appeal. The LA **should** also send a copy of the minutes of the LA's meeting or other record of the decision and any relevant papers. Where the proposals are "related" to other proposals, all the "related" proposals **must** also be sent to the schools adjudicator.
