

## Appendix A – Petition Wording

### Blunham and Tempsford Parish Councils

Petition to have Traffic Lights installed on the Twin Bridges on the Tempsford Road between Tempsford and Blunham

We the undersigned urge Central Bedfordshire Council to install Traffic Signals on the Blunham Twin Bridges (C5 Tempsford Road) as a means of reducing the continuing vehicle collisions which result in injury and costly damage to the structures. We feel the continuing costly damage and the inconvenience when the road is closed for bridge repairs outweighs the cost of installing the signals.
