

Future of the Day Care at Greenacre

Central Bedfordshire Council is consulting on the future of Greenacre Older Persons' Home. Having reviewed a number of options for the future of the home, the Council's current preferred option is to offer and arrange accommodation for the existing residents in good alternative care homes and then to close Greenacre. The outcome of this consultation could have an impact on Greenacre Day Centre.

We therefore wish to consult with Greenacre Day Centre attendees and their family and/or carers about the options for the day care service.

The Council has considered the following options for the Day Care Centre:

Option 1. Do Nothing. If a decision is made to close the home then the continuation of the operation of the Day Centre in its current form would not be sustainable. Therefore in these circumstances the 'do nothing' option would either be impractical to achieve or would represent very poor value for money, as it would entail the Day Centre

Option 2. Move current service 'as is' to Houghton Regis Day Centre. The centre at Houghton Regis has space available to accommodate the Greenacre Day Centre as a separate entity, so the only significant change to attendees would be a change in venue. This may result in a slightly longer journey for some attendees (but perhaps less for others) but the overall disruption would be minimal. This may also provide the opportunity for existing transport arrangements to be streamlined to minimise journey times and give value for money. The move may also open up other activities for attendees to enjoy.

Option 3. Move current service to Houghton Regis Day Centre as above but mix in the groups over time. This option would be similar to Option 2 but it would be planned that over time both the attendee and staff groups would mix together. This could be a little more disruptive but could result in more availability of places and a more personalised service in terms of what abilities and interests attendees may have. It also means that attendees benefit fully from a wider range of activities within the centre.

Option 4. Provide the same day care service using another venue. This could be by building somewhere or by commissioning the service in a new or existing building. This option could not be achieved in the short term. It would be more expensive than other options.

Option 5. Replace existing provision with individual services. In this option current and future attendees could be provided with help to access community-based services and activities to meet their needs. The cost would be met through a Personal Budget or Direct Payment. Whilst this may be an option for some attendees we do not currently think that there are suitable alternative services in place at present to make this a viable option for all of the people who use the Day Centre.

The options considered

The Council preferred options would be:- Option 2 - Move current service to Houghton Regis Day Centre or Option 3 - Move current service to Houghton Regis Day Centre as per option 2, but mix in the groups over time.

You can see the explanation about our preference in the 'Options considered for Day Care at Greenacre' document.
