

# The Future Day Offer for Older People and Adults with Disabilities

This consultation is focusing on the high level future day offer, including proposed key components and principles. Once approved these will be used to review the Council's own day centres and will guide how we commission other day opportunities/support. It is not looking at a specific centre, group of customers or the detailed future options. These will be covered in the next stage of the project once approved.

The overall aim is to secure better outcomes for current and future customers within Central Bedfordshire, encompassing older people and adults with disabilities, which includes people from the age of 18 with a physical and/or learning disability.

## **Proposed Future Day Offer Consultation**

Central Bedfordshire Council has undertaken engagement activities with carers, customers and wider stakeholders.

We have used their feedback to develop proposed overarching key principles and components which will be used as a foundation for the future day offer across Central Bedfordshire.

We would like to hear your views on the future offer.

This survey should be read alongside the following documents:

- Have Your Say...on the Future Day Offer for Older People and Adults with Disabilities
