Name of the premises you are making a representation about	Henlow Bridge Lakes
Address of the premises you are making a representation about	Bridge End Road, Henlow, Beds, SG16 6LN

<i>Which of the four licensing Objectives does your representation relate to?</i>	Yes Or No	<i>Please detail the evidence supporting your representation. Or the reason for your representation. Please use separate sheets if necessary</i>
Prevention of crime and disorder		
Public safety		
Prevention of public nuisance	Yes	<p>I am not satisfied that the applicant has demonstrated that the proposed activities will prevent public noise nuisance to neighbouring residents. The applicant has applied to remove the condition that limits attendance on site to 500 persons.</p> <p>I am particularly concerned about the noise impact of larger events upon neighbours. The increase in numbers of people arriving and leaving the premises and increased customer noise is more likely to cause nuisance to neighbours. In addition larger events tend to have a higher music volume and impact a wider area.</p>
Protection of children from harm		

Suggested conditions that could be added to the licence to remedy your representation or	Conditions should be imposed to ensure that a noise management plan is submitted in advance of outside events. Noise management and noise level conditions should be

attached to ensure noise levels comply with current guidance for events.

- Where any event involving regulated entertainment in the form of live or recorded music is to be held which may exceed an intended audience capacity of 500 persons, a noise management plan including procedures for monitoring levels during the event, the locations to be monitored, management authority for reducing sound levels and procedures for dealing with complaints, shall be sent to the Licensing authority and the responsible authorities for inspection and comment at least 3 months in advance of the licensed event.
- Suitable competent person(s) shall be used to monitor noise levels at the event and produce a post event report.
- The Music Noise Level (MNL), as described in section 3 of the Noise Council Code of Practice on Environmental Noise Control at Concerts, shall not exceed 65dB(A) (Leaq 15min) at the agreed monitoring points set by the Environmental Enforcement Team for up to three event days per annum, or 15dB above existing background for up to (X) days.
- Up to 2300 hours music noise levels in 63Hz or 125Hz octave frequency bands shall not exceed 70dB in any 15 minute period at 2km and beyond.
- Music noise levels after 2300 hours shall be inaudible at the designated monitoring points agreed with the Licensing Authority.
- Where requested noise measurement data shall be submitted to the Environmental Enforcement Team within 28 days of the end of each music event.
