Subject: Street Trading consultation

Street Trading consultation response.

I would like to see the formal prevention of Street Trading permission where parking is normally prohibited – other than for those currently exempt:

“fetes, carnivals or similar community based and run events
non-commercial or charitable events
farmers markets (producer-managed marketplace for local producers to sell their own produce direct to local people)
sales of articles by householders on land contiguous with their homes “

Kind Regards,

Nigel
