Appendix C17

[redacted] The Gardens
Stotfold
Hitchin
Herts.
SG5 4HD.

Dear Sir or Madam,

My husband and I are writing with regard to the proposed changes at M.R.H. Stotfold at 67 Arlesey Road. SG5 4HB.. Malhurst Petroleum Ltd. We strongly disapprove of these alterations in veiw of the environmental problems this will bring to this residential area. The site is of a limited size and parking will be limited. This will result in vehicles stopping and starting throughout 24 hours. It will bring other problems with air and noise pollution, refuse problems and parking and noisyness during the night. This application is completly unnecessary as one mile from Stotfold is a Motorway service Centre providing all the services required by this application plus proper parking and toilet facilitys.

Regards.
