

Terms of reference of the Central Bedfordshire Multi-Agency Safeguarding Arrangements Determined by the Children and social Work Act 2017 and Working Together to Safeguard Children 2018

Introduction:

Chapter 2, Section 16 of the Children and social Work Act 2017 requires the safeguarding partners for a local authority area in England and Wales to make arrangements for safeguarding and promoting the welfare of children.

Safeguarding partners:

A safeguarding partner in relation to a local authority area in England is defined under the Children Act 2004 (as amended by the Children and Social Work Act, 2017) as:

- a) The local authority (Central Bedfordshire Council)
- b) A clinical commissioning group for an area any part of which falls within the local authority area (Bedfordshire Clinical Commissioning Group)
- c) The chief officer of police for an area any part of which falls within the local authority area (Bedfordshire Police)

Geographical area:

The geographical footprint for the arrangements is based on local authority areas, however the safeguarding partners for two or more local authority areas may choose to be treated as a single area in relation to the Multi-Agency Safeguarding Arrangements.

The Multi-agency Safeguarding Arrangements for Central Bedfordshire cover the local authority area of Central Bedfordshire.

Statutory and Legislative Duties:

The safeguarding partners for a local authority area in England (listed above) must make arrangements for:

- a) The safeguarding partners, and
- b) Any relevant agencies that they consider appropriate

To work together for the purpose of safeguarding and promoting the welfare of children and identifying and responding to the needs of children in the area.

The arrangements must also include a process for identifying and conducting Local Child Safeguarding Practice Reviews:

- a) To identify serious child safeguarding cases which raise issues of importance in relation to the area, and
- b) For those cases to be reviewed under the supervision of the safeguarding partners, where they consider it appropriate.

The purpose of reviews of serious child safeguarding cases is to identify improvements to be made to safeguard and promote the welfare of children. Reviews should help to understand whether there are systemic issues and whether policy and practice need to change. Reviews should seek to prevent or reduce the risk of recurrence of similar issues.

Local safeguarding partners must make arrangements to identify and review serious child safeguarding cases which, in their view raise issues of importance in relation to their area. Local arrangements must commission and oversee the review for those cases where they consider it appropriate that a review be undertaken.

Key functions:

The purpose of the local arrangements is to enable local organisations and agencies to work together in a system where:

- Children are safeguarded, and their welfare promoted
- Partner organisations and agencies collaborate, share and co-own the vision for how to achieve improved outcomes for vulnerable children.
- Organisations and agencies challenge appropriately and hold one another to account
- There is early identification and analysis of new safeguarding issues and emerging threats
- Learning is promoted and embedded in a way that local services for children and families can become more reflective and implement changes to practice.
- Information is shared effectively to facilitate more accurate and timely decision making for children and families

To work together effectively the arrangements should also:

Facilitate and drive action beyond usual institutional and agency constraints and boundaries
Ensure the effective protection of children is founded on practitioners developing lasting and trusting relationships with children and their families.

Within the arrangements relevant agencies and safeguarding partners will need to:

- Assure themselves that relevant agencies have appropriate and robust safeguarding policies and procedures in place
- Ensure information is shared amongst relevant agencies and the safeguarding partners
- Communicate on a regular basis about the work that they will do together
- Have in place procedures for escalation and resolving disputes.

Safeguarding partners will need to ensure that the independent scrutiny arrangements are objective, acts a critical friend and promotes reflection and drives continuous improvement.

Within Central Bedfordshire it has been agreed that independent scrutiny will be carried out and overseen by an Independent Chair who is responsible for considering how effectively are safeguarding arrangements working for children, families and practitioners and how well are the safeguarding partners providing strong leadership.

It has been agreed by the 3 multi-agency safeguarding partners that it is the responsibility of the Chief Executive (Head of Paid Service) of the Local Authority to appoint or remove the LSCB chair with the agreement of the other 2 safeguarding partners. The Chief Executive, drawing on the other multi-agency partners will hold the chair to account for the effective working of the Multi-Agency Safeguarding Arrangements.

Information sharing:

Multi-agency systems are strong when information is shared effectively amongst and between multi-agency partners to improve outcomes for children and families. Safeguarding partners (and therefore their multi-agency arrangements) may require any person or organisation/agency to provide them, any relevant agency for the area, a reviewer or another person or organisation/agency with specified information. This must be information which enables and assists the safeguarding partners and their arrangements to perform their functions to safeguard and promote the welfare of children in their area, including information related to local and national child safeguarding practice reviews.

As public authorities the safeguarding partners should be aware of their own responsibilities under relevant information law and have regard to guidance provided by the Information commissioner's Office when issuing and responding to requests for information.

In situations where a clear and single point of leadership is required the three safeguarding partners will decide who will take the lead.

If the lead representatives chose to delegate their functions they remain accountable for any actions or decisions taken on behalf of their agency. It is the responsibility of the lead representative to identify and nominate a senior officer in their agency to have responsibility and authority for ensuring full participation in the local arrangements.

The representative or their chosen delegated officer should be able to:
